EAST CAMBRIDGESHIRE LOCAL PLAN EXAMINATION

Inspector: Miss Louise Nurser BA (Hons) Dip UP MRTPI

EXAMINATION HEARINGS

GUIDANCE NOTE FROM THE INSPECTOR

As part of the examination of the East Cambridgeshire Local Plan, Stage 2 of the hearings will open on Tuesday 18 September 2018.

This is the second stage of my Examination.

Since the last hearing sessions took place in June 2018 I wrote to the Council on the 30th of July (ED031). The Council responded to my letter on Friday 3rd August (ED032).

The revised National Planning Policy Framework was published on the 24 July 2018. For the avoidance of doubt please note that Paragraph 214 makes clear that the policies of the previous Framework will apply for the purposes of examining plans submitted on or before 24 January 2019.

Purpose of the Briefing Note

1. This note provides guidance to participants on the procedural and administrative arrangements for the East Cambridgeshire Local Plan Examination.

The Programme Officer

2. Miss Hannah Charlish, the Programme Officer [PO], is responsible for the administration of the Examination. This includes ensuring that all Examination documents are made available to participants and organising the hearings programme. Hannah works under my direction. She is not an employee of the Council. Her contact details appear at the foot of this page. Any procedural questions or other matters that you wish to raise should be directed to Miss Charlish.

The Examination webpage

3. There is a dedicated Examination webpage which can be accessed via the following link:

4. All the material produced for the examination hearings will appear on the webpage. If you do not have access to the internet, documents and other information can be obtained via the Programme Officer.

The Inspector's role

5. My name is Louise Nurser BA (Hons) Dip UP, MRTPI. I have been appointed by the Secretary of State for Communities and Local Government. The purpose of the examination is to consider whether the Plan complies with relevant legislation and is sound. The *National Planning Policy Framework* [NPPF] makes it clear that in order to be found sound the Plan must be:

- (a) **Positively prepared** - based on a strategy which seeks to meet objectively assessed development and infrastructure requirements;
- (b) **Justified** - the most appropriate strategy when considered against the reasonable alternatives, based on proportionate evidence;
- (c) **Effective** - deliverable over its period and based on effective joint working; **and**
- (d) **Consistent with national policy** - able to achieve sustainable development in accordance with the NPPF's policies.

6. There are three possible outcomes to the examination:

- The submitted plan is sound;
- The submitted plan is not sound but could be made sound by changes (known as *main modifications*), if necessary following additional work;
- The submitted plan is not sound and could not be made sound by changes.

7. Following the close of the hearings I will prepare report to the Council with my conclusions. My report will deal with broad issues rather than individual representations.

Changes to the plan

8. The starting point is that the Council has submitted a local plan which it considers is ready for examination. There are only two means by which changes can be made to the submitted plan:

- (1) *main modifications* recommended by the Inspector

Miss Hannah Charlish,

Programme Officer, c/o East Cambridgeshire District Council, The Grange, Nutholt Lane, Ely CB7 4EE.

(2) *additional modifications* made by the Council on adoption.

9. The Council, and other interested parties, will have the opportunity to put forward suggested changes to the submitted Local Plan during the examination in order to address matters of soundness or legal compliance. I will take these suggestions into account.
10. However, I can only recommend main modifications if they are necessary to resolve problems that would otherwise make the submitted Plan unsound or not legally compliant¹. Main modifications are changes which, either alone or in combination with others, would materially alter the plan or its policies. Any potential main modifications must be subject to consultation and in some cases further sustainability appraisal might also be needed.
11. 'Additional modifications' are those changes which do not materially affect the policies in the Plan². They are made by the Council on adoption and are also sometimes referred to as 'minor modifications.'³. The Council is accountable for any such changes and they do not fall within the scope of the examination⁴ and will not fall within the scope of my report which I will submit at the end of the examination process.

Modifications proposed by the Council

12. I am aware that the Council is intending to prepare number of post-submission changes to the plan. As noted above I would only be able to recommend *main modifications* if they are necessary to make the plan sound. *Additional modifications* are a matter for the Council on adoption. It is possible that additional changes may be proposed during the hearing sessions. Therefore, following the completion of the hearing sessions a number of *main modifications* may be consulted upon.

¹ Under section 20(7B) & (7C) of the planning and Compulsory Purchase Act 2004

² S23(3)(b) of the PCPA 2004 "... if the additional modifications (taken together) do not materially affect the policies ..."

Representations on the Plan

13. The Council's statements on the representations made on the published plan, and all the representations are available on the examination webpage.

Attending the hearing sessions

14. Those who have made representations will by now have indicated whether their views should be dealt with in a written form or whether they feel that they need to come and discuss them orally at a hearing session. Both methods will carry the same weight and I shall have equal regard to views put at a hearing or in writing. Attendance at a hearing session will only be useful and helpful to me, if you wish to participate in the discussion which relates to the particular **Stage2** Matters, Issues and Questions which are published alongside these guidance notes.

15. The hearing sessions are open to all to observe. However, only those who are proposing changes to the Plan in order to make it sound or legally compliant have the right to participate and speak. Besides those, I may wish to invite a small number of additional participants to attend the hearings because I think their representations are particularly relevant to the matters under discussion.

The hearings programme

16. The list of Matters, Issues and Questions accompanying this note will form the basis of the discussion at Stage 2 of the hearing sessions.

17. A draft timetable for the hearing sessions has been produced and circulated with these guidance notes. It may be that the detailed timetable will change closer to the start of the hearing sessions. Whilst the Programme Officer will endeavour to keep people informed, it is the participants' responsibility to keep in contact and ensure that they attend the appropriate sessions. The participants for each session will be those who made relevant representations on the Submission Local Plan and have confirmed to the Programme Officer that they wish to speak.

18. All those who wish to speak at the hearing sessions should confirm this in writing with the Programme Officer by **5.00pm on Friday 24 August 2018**, stating which session or sessions they wish to speak at (referring to

the Matter number and quoting the respondent ref. no.). This includes those who had previously indicated a desire to attend the examination hearings when submitting representations. If you do not contact the Programme Officer by this date, it will be assumed that you do not wish to speak at the **Stage 2 hearings**. The finalised timetable and list of participants will be confirmed before the hearing sessions commence. Only those who indicate their wish to speak in advance of the hearing sessions and make prior arrangements with the Programme Officer will be able to do so.

19. A final version of the hearing timetable will be published on the examination web site around two weeks before the start of the hearings. **It will be for individual participants to check the progress of the hearings, either on the web site or with the PO, and to ensure that they are present at the right time.**

Format of the hearing sessions

20. Each hearing session will consist of a structured discussion. This will be led by me. It will be based on my list of matters, issues and questions. I will invite particular participants to begin the discussion on each question, and others will then have a chance to contribute.
21. There is no need for formal presentation of evidence, as I will have read all the relevant representations and hearing statements beforehand, and will expect all the other participants to have done so as well. Nor will there be any cross-examination, unless I consider it necessary to deal with a particular issue or questions. Barristers, or solicitors, if present, will be treated as part of the respective team.
22. Morning and all-day sessions will normally start at 10 am, and afternoon sessions at 2.00pm. Short breaks will be taken at convenient points in the mid-morning and mid-afternoon, and there will be a lunch break at about 1.00pm. The sessions will usually finish by 5:00 pm although they may continue later if necessary.

**The Hearings will take place at the Council Chamber,

Hearing statements

23. Oral and written representations carry equal weight, and there is no need for participants to submit an additional hearing statement if they are content that their original representations adequately cover the issues and questions they are concerned about.
24. If participants do wish to produce hearing statements to supplement their original representations, for each matter they should be limited to:
- (i) the issues and questions identified in the Inspector's Matters, Issues and Questions document which are relevant to their original representations, and
 - (ii) any new matters that have arisen since the original representations were submitted.
25. Where several people or organisations wish to speak on the same issue, representors should consider producing a single joint paper. Please contact the Programme Officer to discuss.
26. **Statements should be no longer than is necessary to deal with their subject matter, and in any event must contain no more than 3,000 words.** This limit will be strictly applied.
27. Within this limit, they should be kept as short as possible. Appendices should only be included where directly relevant and necessary and should also be as succinct as possible. Statements should be stapled rather than bound. In addition, they should:
- only answer the specific questions which are of relevance to the original representation
 - clearly identify the number(s) of the question(s) being answered
 - state whether any of the Council's *proposed main modifications* or *additional modifications* would resolve the concerns and make the plan sound
 - indicate whether any other changes are needed to make the plan sound (providing detailed suggested wording for the change and if appropriate, any changes sought to the policies map).

28. The Council should produce a hearing statement for each of the issues. In doing so, they should answer each of the individual questions set out in the Issues and Questions, either directly or by referring to relevant evidence already submitted. Because of this requirement, the Council's statements are not subject to the **3,000 word limit, but they should still be focussed and succinct.**
29. Four paper copies and an electronic version of each hearing statement should be submitted to the PO by the end of **Tuesday 4 September 2018.** Unless there are exceptional circumstances is it likely that late submissions will not be accepted.
30. Aside from these hearing statements no other written evidence will be accepted, unless I specifically request it. The hearing sessions should not be used to introduce new evidence or arguments. Otherwise statements will be returned.
31. Hearing statements will be posted on the examination webpage, so that they are available to all participants, and anyone else who wishes to read them. Because they will be available this way they will not be circulated directly to participants. However, anyone who is unable to access them on the webpage may request copies from the PO.

Statements of Common Ground

32. Statements of Common Ground, agreed between two or more hearing participants, will be welcome where they would help to identify points not in (or remaining in) dispute, and so enable the hearing to concentrate on the key issues that need further discussion. At the very latest, any Statements of Common Ground should be submitted by **Tuesday 4 September 2018** or earlier with the issue to which they are relevant.

Site Visits

33. I have already undertaken some site visits. It is envisaged that my visits will be on an unaccompanied basis. If there is need to make a visit accompanied by the Council and other interested parties, arrangements will be made via the Programme Officer.
