Dear Mr Kay

Council's Response to Inspector's Initial Findings.

For the sake of completeness, I would like to thank you for your letter of the 3<sup>rd</sup> of August. As you are aware from my letter, I am not inviting comments from the Council, or from others, on the interim views which I have previously set out.

I note you have confirmed that the Council considers that it is in a position to move forward to Stage 2 of the hearings. I also note the Council's proposed suggestion to enable it to be able to provide for a five year supply of deliverable housing.

As you know, I have published my Matters Issues and Questions (MIQs) for Stage 2 of the Examination. This will provide the appropriate forum for me to consider the issues relating to the five year supply of housing.

Nonetheless, I would be grateful if you let me know when the additional work which you have agreed to undertake is to be expected. Clearly, in the interests of fairness, ideally, all those who are either attending, or will be providing statements to inform Stage 2 of the hearings, where appropriate and relevant, will need to have had sight of any additional work, in good time, and, prior to the deadline set within my MIQs of the 4<sup>th</sup> of September.

At the latest, I will require any further comments, which should solely relate to the additional evidence, to be with the Programme Officer by the 14<sup>th</sup> of September 2018.

Yours Sincerely

Louise Nurser

INSPECTOR
