

## **CLAIMS History of Council**

What was the value of claims against your authority's insurance policies in the financial year ending March 2017?

SELF INSURANCE ( where applicable )

Thinking of every category of insurance claim (property-related, personal injury, motor etc.) made against your authority what was the total value of the payments made by yourselves rather than the insurers in each of the following financial years?

For clarity, these would be payments made within the policy excess.
