
TITLE: CONSULTATION ON SITE OPTIONS FOR A CINEMA IN ELY – LOCAL PLAN

Committee: Development and Transport Committee

Date: 6th September 2012

Author: Sarah Ratcliffe, Forward Planning Officer

[M94]

1.0 ISSUE

1.1 This report summarises the results of the public consultation carried out on site options for a multiplex cinema in Ely and seeks approval for the preferred site to be included in the draft Local Plan.

2.0 RECOMMENDATION(S)

2.1 It is recommended that Members:

- i. Note the results of the public consultation, as outlined in the Appendix to this report.
- ii. Endorse the allocation of Option 1 (land at the junction of Downham Road and the A10) for a new cinema in the Draft Local Plan – subject to further investigation on deliverability, suitability and site capacity.

3.0 BACKGROUND/OPTIONS

3.1 Public consultation carried out for the Ely Masterplan revealed strong public support for a new multiplex cinema in Ely. There is an opportunity to allocate a site for a cinema within the Local Plan. This would provide certainty to the public and development industry. At Development and Transport Committee on 12th June 2012, Members agreed that public consultation should be carried out on four site options:

- **Option 1 – Land at junction of Downham Road/A10** – this site is proposed for a new Leisure Village for Ely, however, additional land is available for other complementary uses.
- **Option 2 – Ely Station Gateway area** – this area was proposed for comprehensive redevelopment within the Ely Masterplan.
- **Option 3 – Land west of Cambridgeshire Business Park, Angel Drove** – Tesco have indicated a desire to relocate to this area from their current site adjacent to the station.
- **Option 4 – North Ely** – a 3,000 dwelling urban extension to Ely is proposed which will include areas of mixed-use development.

4.0 ARGUMENT/CONCLUSIONS

4.1 Consultation was carried out between 11th July - 6th August 2012. Efforts were made to publicise the consultation as widely as possible in Ely. A press release was written and articles appeared in the Ely Standard and Ely Weekly News. The questionnaire was placed on the District Council's website and on Parish Council websites where they exist. Posters were displayed in the city centre and local schools and permanent displays were set up at Ely library, the Maltings and the District Council offices. The results of the consultation are set out in the Appendices to this report, and the key points are summarised below.

4.2 A total of 542 people responded to the consultation, 86% of which responded using the online questionnaire. Approximately half of the respondents were from Ely (46%) with a further 49% from elsewhere in the district.

The principle of developing a new cinema

4.3 Nearly 90% of respondents supported the development of a new multiplex cinema in Ely and 85% preferred to see it developed as soon as possible rather than wait until a city centre site could be made available.

Current cinema patronage

4.4 Cambridge was found to be the most commonly visited cinema (nearly 80% of respondents). Other popular cinemas were Ely Cinema at the Maltings and Huntingdon (both approximately 40% of respondents). Over 85% of respondents would normally travel by car to the cinema.

4.5 The results suggest that in general, respondents would visit a cinema more often than they currently do if there was a multiplex cinema in Ely. Almost half of respondents stated that they would visit a multiplex cinema in Ely monthly and almost a quarter would visit fortnightly.

Site options

4.6 For each of the four site options, respondents were asked whether they would support the development of a new multiplex cinema in that area. The level of support was comparable (65-66%) for 3 of the options: land at Downham Road, Station Gateway area and land west of Cambridgeshire Business Park. However, the majority of respondents were unsupportive towards a cinema development at North Ely. A summary of the site specific comments received is included in the Appendix to this report.

Preferred site

4.7 Respondents were asked to select their preferred site option. There was a clear preference overall for the cinema to be located on land at the junction of

Downham Road and the A10 (over 40% of respondents). The Ely Station Gateway area also received fairly strong support (32%).

- 4.8 Some of the most commonly perceived benefits of Downham Road included:
- It will help to form a 'leisure hub/quarter', complementing the plans for the leisure centre and creating sustainability benefits from linked trips
 - It is located within walking distance of the city centre and many residential areas
 - It would not exacerbate congestion or parking issues in the city centre
 - It is the best option in terms of delivery timescale

4.9 It is concluded that Option 1, land at the junction of Downham Road/A10 should be allocated for a cinema in the Draft Local Plan – subject to further investigation on deliverability, suitability and site capacity.

4.10 Next steps – with Members agreement, land at Downham Road will be selected for inclusion within the draft Local Plan. Consultation on the draft Local Plan is expected to take place in November/December 2012.

5.0 FINANCIAL IMPLICATIONS/EQUALITY IMPACT ASSESSMENT

5.1 No further financial implications. A budget is already in place for the production of the Local Plan.

5.2 An Equality Impact Assessment (INRA) will need to be submitted as part of the technical supporting evidence when the Local Plan is submitted to Government.

6.0 APPENDICES

Appendix 1 – Results of consultation on cinema provision in Ely
Appendix 2 – Sustainability Appraisal

<u>Background Documents</u>	<u>Location</u>	<u>Contact Officer</u>

Consultation on cinema provision in Ely

Over the past few years, the District Council has been gathering views on how East Cambridgeshire should grow and develop. Consultation on the Ely Masterplan between 2008 and 2009 revealed strong public support for a new cinema in Ely.

The results of the consultation will inform the long-term vision for Ely that will be included within the East Cambridgeshire Local Plan. A draft version of this document is expected to be published for public consultation in November/December 2012.

The consultation on cinema provision in Ely took place over a 3½ week period from 11th July – 6th August 2012. This involved the following:

- Permanent displays at Ely library, The Maltings and in the District Council offices throughout the consultation period
- An online version of the consultation questionnaire available on the District Council's website
- Press release and articles in the Ely Standard and Ely Weekly News
- Details of the consultation posted on community websites including: Ely People, Ely Perspective, Shape Your Place, Parish Council websites / Facebook pages
- Email to Local Plan database contacts (approximately 1000)
- Letter and posters sent to Ely colleges and primary schools
- Posters displayed in the city centre

Number of responses

A total of 542 questionnaires were completed. Of these, 466 questionnaires were received online via Survey Monkey (86%) and 76 were submitted as paper copies. An additional 5 comments were received by letter/email. These comments are reported separately in Appendix 2.

Respondent profile

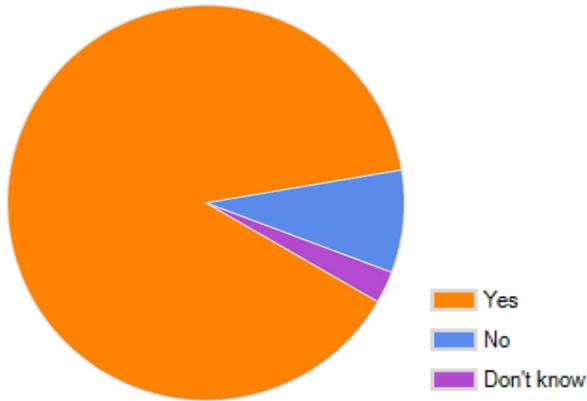

A breakdown of respondents by gender, age-group, ethnic origin, employment and disability status is provided in Appendix 1.

Analysis of questionnaire responses

Principle of development

Do you support the development of a new multiplex cinema in Ely (a multiplex is usually defined as a cinema with 5+ screens)?

Answer Options	Response Percent	Response Count
Yes	89.0%	477
No	8.4%	45
Don't know	2.6%	14
Answered question		536
Skipped question		6

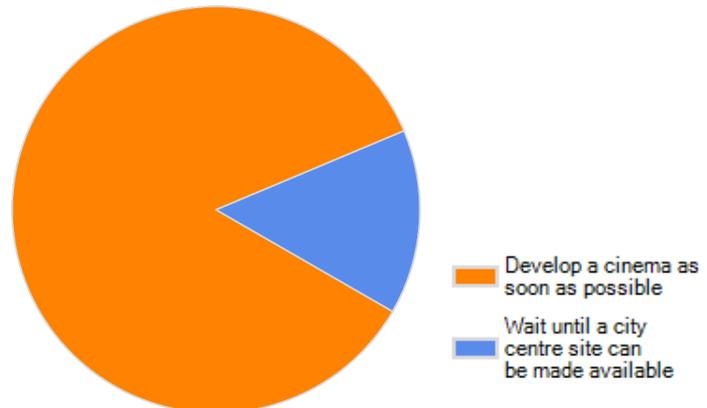

Nearly 90% of respondents stated that they supported the development of a new multiplex cinema in Ely, echoing comments received on previous consultations relating to the future growth of Ely.

Timing of development

Would you rather see a multiplex cinema developed as soon as possible or wait a longer period (5 years plus) until a city centre site can be made available?

Answer Options	Response Percent	Response Count
Develop a cinema as soon as possible	85.3%	436
Wait until a city centre site can be made available	14.7%	75
Answered question		511

Skipped question 31

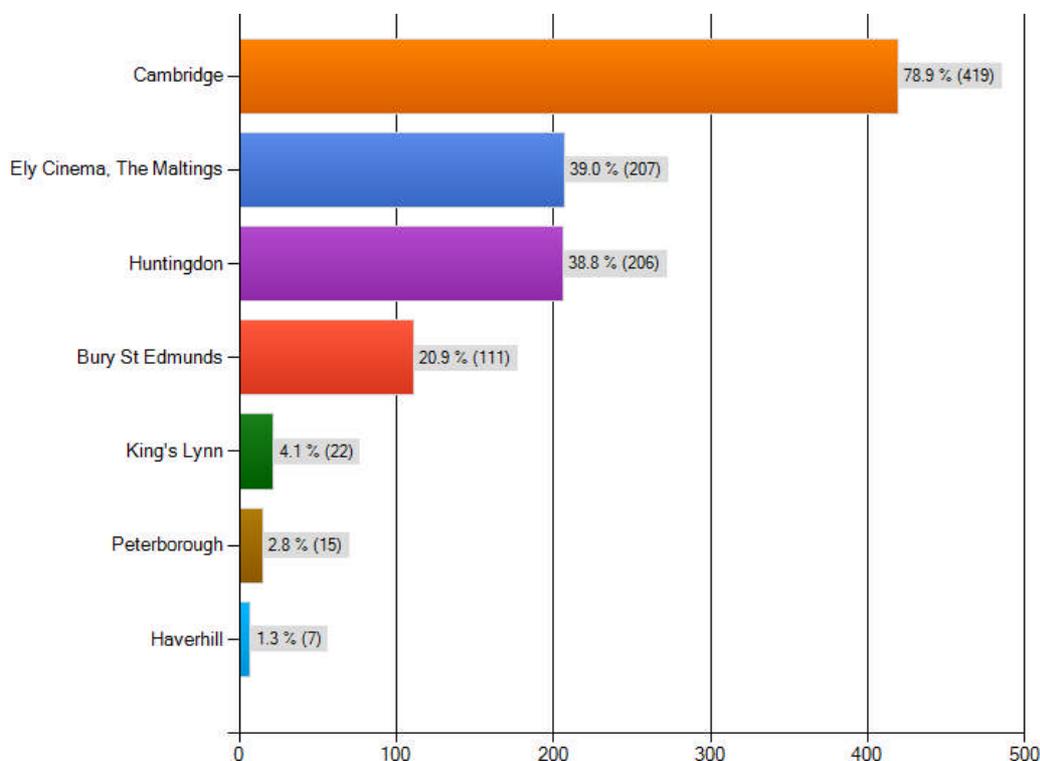

85% of respondents stated that they preferred to see a multiplex cinema developed in Ely as soon as possible, rather than wait until a city centre site can be made available. This supported the view taken by Members at Development and Transport Committee on 12th June 2012 that only sites that could be developed within a reasonable timescale should be consulted on.

Current cinema patronage

Where do you currently go to the cinema?

Answer Options	Response Percent	Response Count
Ely Cinema, The Maltings	39.0%	207
Bury St Edmunds	20.9%	111
Cambridge	78.9%	419
Haverhill	1.3%	7

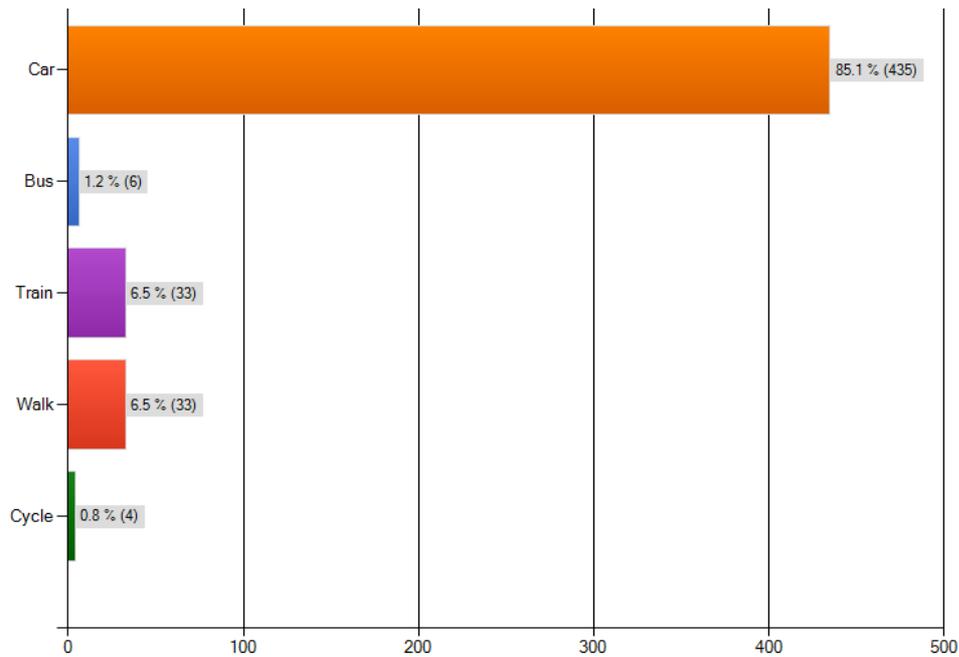

Huntingdon	38.8%	206
King's Lynn	4.1%	22
Peterborough	2.8%	15
Answered question		531
Skipped question		11

The survey found that Cambridge was the most commonly visited cinema of those listed (nearly 80% of respondents). Other cinemas frequented by a relatively high proportion of respondents included Ely Cinema at the Maltings (approximately 40%), Huntingdon (approximately 40%) and Bury St Edmunds (over 20%). With the exception of Ely Cinema, these locations all have multiplex cinemas with 8-10 screens showing the latest movie releases.

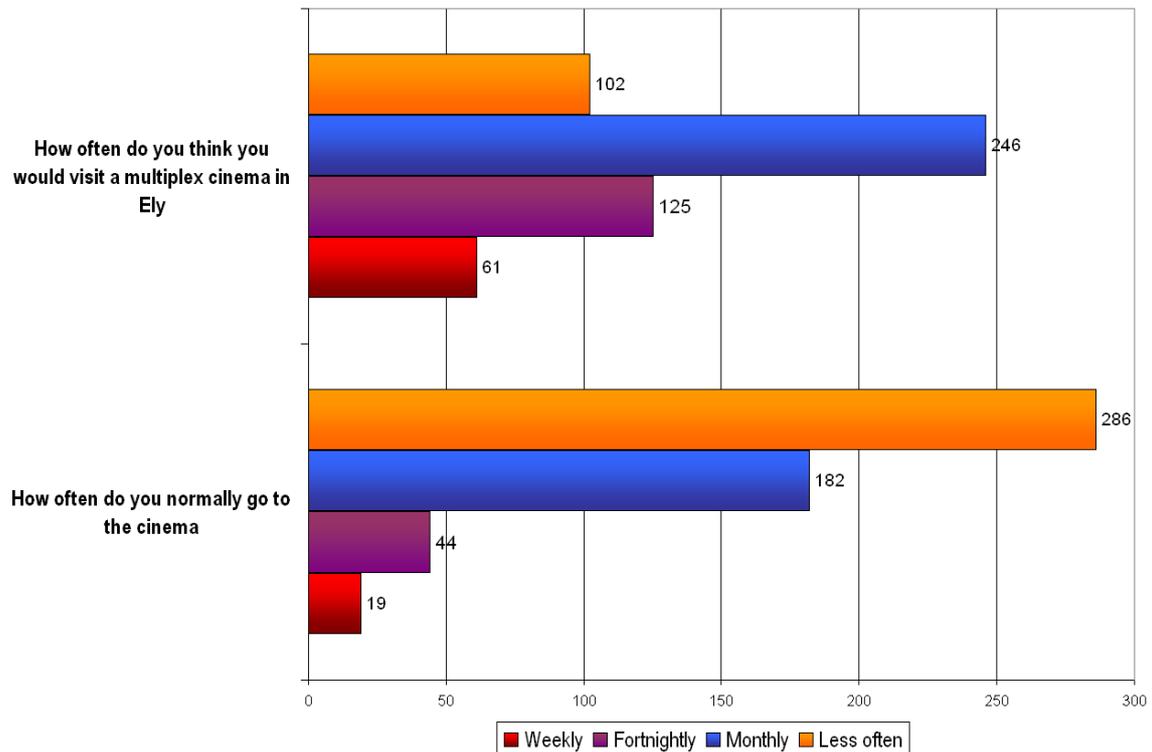

Additional locations visited by respondents included: Wisbech, London, Newmarket, Saffron Walden, Milton Keynes, Norwich, Harlow, Bishop's Stortford and Germany.

How do you normally travel to the cinema?		
Answer Options	Response Percent	Response Count
Car	85.1%	435
Bus	1.2%	6
Train	6.5%	33
Walk	6.5%	33
Cycle	0.8%	4
Answered question		511
Skipped question		31

A high proportion of respondents indicated that they normally travel to the cinema by car. Since over three quarters of respondents travel to the cinema at Cambridge, the number of people travelling by train appears low. However, both Cineworld Cambridge and Vue Cambridge are a 20-30 minute walk from Cambridge station so this inconvenience may explain why many people drive.

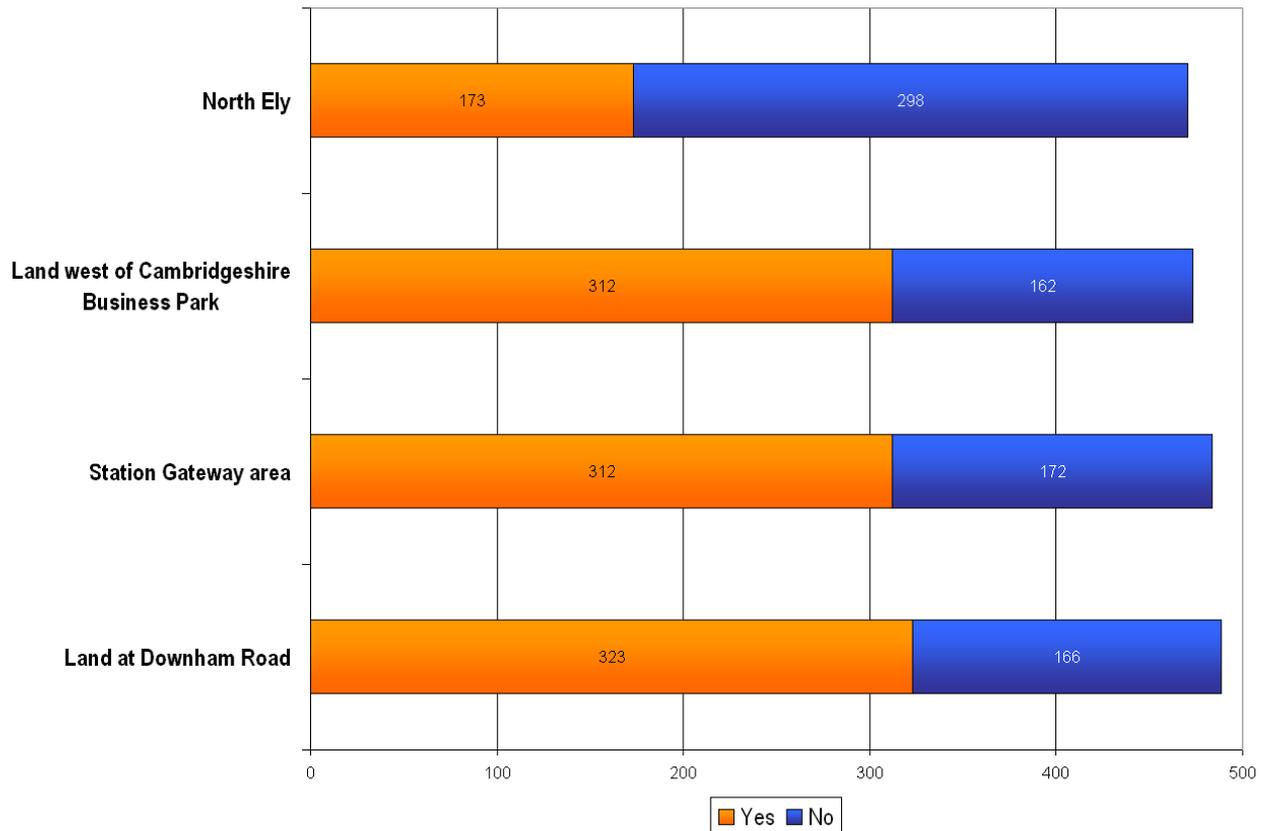

Frequency of cinema visits			
	Answer Options	Response Percent	Response Count
<i>How often do you normally go to the cinema?</i>	Weekly	3.6%	19
	Fortnightly	8.3%	44
	Monthly	34.3%	182
	Less often	53.9%	286
	Answered question		
Skipped question			11
	Answer Options	Response Percent	Response Count
<i>How often do you think you would visit a multiplex cinema in Ely?</i>	Weekly	11.4%	61
	Fortnightly	23.4%	125
	Monthly	46.1%	246
	Less often	19.1%	102
	Answered question		
Skipped question			8

The responses provided to these two questions indicate that many people would visit a cinema more often than they currently do if there was a multiplex cinema in Ely. Almost half of respondents stated that they would visit a multiplex cinema in Ely monthly and almost a quarter would visit fortnightly.

Would you support the development of a new multiplex cinema...

	Answer Options	Response Percent	Response Count
...on land at Downham Road?	Yes	66.1%	323
	No	33.9%	166
Answered question			489
Skipped question			53
...within the Ely Station Gateway area?	Yes	64.5%	312
	No	35.5%	172
Answered question			484
Skipped question			58
...on land west of Cambridgeshire Business Park?	Yes	65.8%	312
	No	34.2%	162
Answered question			474
Skipped question			68
...at North Ely?	Yes	36.7%	173
	No	63.3%	298
Answered question			471
Skipped question			71

For each of the four site options, respondents were asked whether they would support the development of a new multiplex cinema in that area. The level of support was comparable (65-66%) for 3 of the: land at Downham Road, Station Gateway area and land west of Cambridgeshire Business Park. In contrast, the majority of respondents were unsupportive towards development at North Ely.

The key site-specific comments made were as follows:

Land at Downham Road

- Within walking distance of the city centre and many residential areas
- Would have a negative impact on the city centre
- Would not exacerbate congestion/parking issues in the city centre
- A cinema should be co-located with non-sports related leisure activities e.g. music venue, restaurants
- This site should be for sports uses only
- The best option due to the timescale for delivery
- Brownfield sites should be considered first
- Long stay car parking is needed – city centre is not adequate
- Too close to residential development
- Reluctant to use underpass
- Would help address the lack of facilities in this part of Ely
- Should be within walking distance from the station to encourage sustainable travel
- Most accessible site for the rest of the district
- Would be an eyesore
- Creation of a 'leisure hub/quarter' –
 - Could be integrated into the plans for the leisure village
 - Would enhance and complement the planned leisure facilities and may help their delivery
 - Sustainability benefits from linked trips
- *Other suggested uses on the site:* restaurants, café/coffee house, pub, gym, ten pin bowling, retail park, outdoor sports facilities e.g. athletics, park and ride, ice rink, theatre, crematorium, outdoor pool, go-kart track, extreme sports, adventure playground, golf course, parkland/nature reserve, outdoor events venue, hotel, pool/snooker hall

Station Gateway area

- Catalyst for regeneration of this area
- Would complement existing bowling alley
- The most sustainable site option
- Not easy to access for surrounding villages without rail
- Easy access by bus/rail
- Could attract visitors into Ely
- Traffic concerns
- Need southern bypass before a cinema was developed here
- Use of car parks by commuters during the day and cinema-goers during the evening?
- Benefits from proximity to the riverside – existing pubs, restaurants etc
- Area of flood risk
- Relatively close to city centre
- Suitable use for a gateway location
- Associated retail could impact on the city centre
- Some existing residential uses in area - impact on residential amenity?
- Best site for young people to access
- Good use of a brownfield site

Land west of Cambridgeshire Business Park

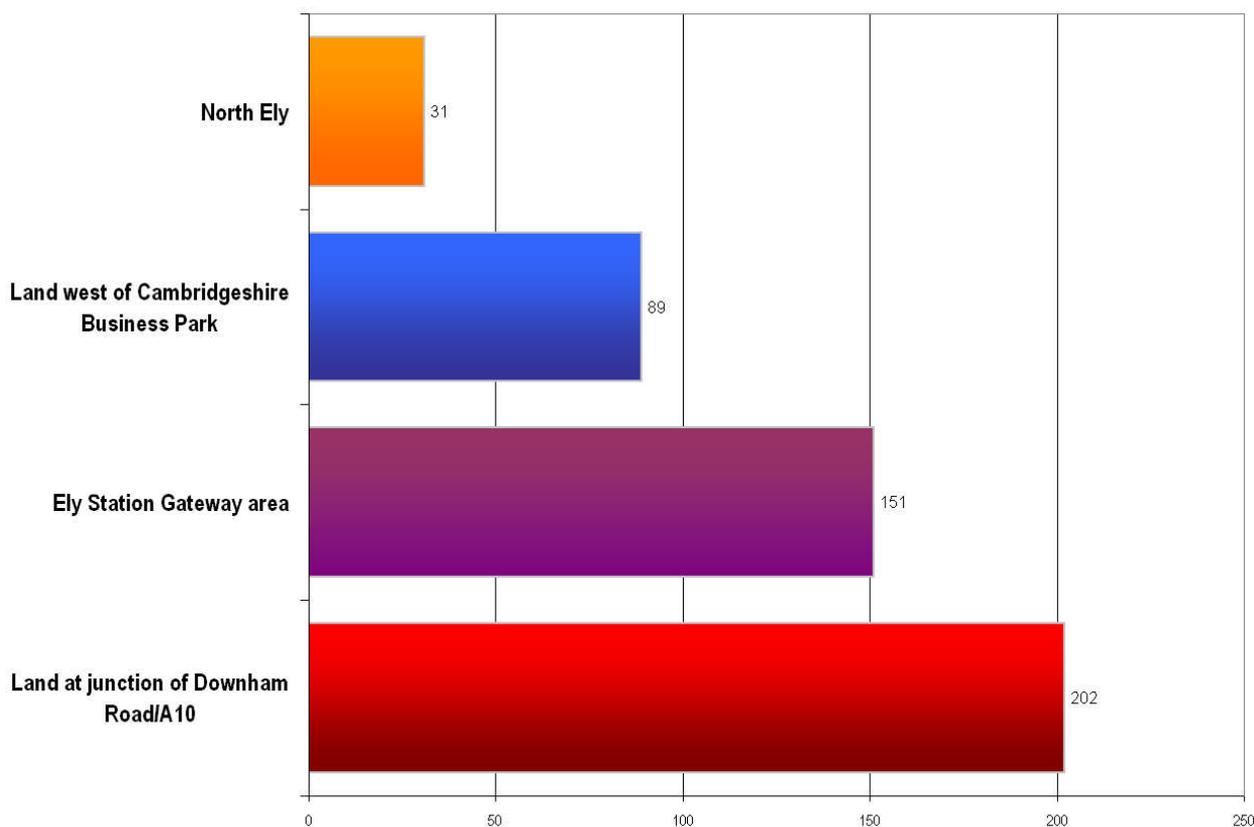

- Would have a negative impact on the city centre
- Too far to walk from many areas – would encourage car use
- Not a pleasant pedestrian/cycle route
- Object to a retail park
- Object to a larger Tesco
- Area of flood risk
- Good vehicular access
- Traffic concerns
- No impact on residential amenity
- Accessible for the rest of the district
- Close to the station
- Need southern bypass before a cinema was developed here
- Would complement existing bowling alley and soft play area
- Proximity to industrial uses may be inappropriate
- Link funding to Tesco relocation
- Linked trips with Tesco
- Would not exacerbate congestion/parking issues in the city centre

North Ely

- Too far from city centre and railway station
- Would have a negative impact on the city centre
- Traffic concerns
- Sensible to develop facilities near new housing
- Benefit for Littleport residents
- Inconvenient for visitors and residents in other parts of Ely / rest of the district
- Too close to residential uses – impact on residential amenity
- Close to many areas of residential – potential market
- Could be too long-term
- The landowner (east of Lynn Road) would not support the development
- Could help build the new community
- Would provide facilities in an area that is currently lacking
- How would parking provision be integrated into a residential area?
- Would not fit with other uses within the district centre

Which is your preferred option?

Answer Options	Response Percent	Response Count
Land at junction of Downham Road/A10	42.7%	202
Ely Station Gateway area	31.9%	151
Land west of Cambridgeshire Business Park	18.8%	89
North Ely	6.6%	31
Answered question		473
Skipped question		69

Respondents were asked to select their preferred site option. There was a clear preference overall for the cinema to be located on land at the junction of Downham Road and the A10 (over 40% of respondents). The Ely Station Gateway area also received fairly strong support.

Suggested alternative sites

There were few suggestions for other alternative opportunity sites, suggesting that the District Council has selected the most appropriate sites:

- **Paradise area** – *this site was proposed as an option in an earlier version of the questionnaire, however, Members of Development and Transport Committee voted to remove this option from the consultation since development would be long-term*
- **The Grange** – *this site was proposed as an option in an earlier version of the questionnaire, however, Members of Development and Transport Committee voted to remove this option from the consultation since development would be long-term*
- **Sessions House, former Ely Magistrates Court** – *this is a Listed Building and not considered to be suitable for conversion to a multiplex cinema*

- **Triangle of land between Cambridge Road, Witchford Road and the A10** – *this area is identified as an area that should be retained as open space as it has important views to the wider landscape – Ely Environmental Capacity Study, 2001*

There are therefore no alternative sites to be considered at this stage.

Additional comments

Principle

- Support a new multiplex cinema in any location – would save travel to other locations
- Looking forward to the new cinema
- Need to provide entertainment for all ages in Ely
- We would go to the cinema more often if there was one nearer
- A smaller cinema in the city centre would be more appropriate
- A cinema will not kill the city centre
- Do not support greenfield development
- The development should make contributions towards enhancing the city centre
- Question the commercial viability of a multiplex cinema in Ely

Location

- Cinemas should be in 'out of town' locations due to parking etc
- It should be in the city centre – accessible by all
- Remember that this should be a facility for all residents of the district
- Would benefit the Ely economy and attract people to the city
- Include a criteria based policy in the Local Plan and let the market decide on the site
- Need to improve transport links for surrounding area
- Any site is better than a trek to Cambridge

Ely Cinema, the Maltings

- Invest in the Maltings
- Redevelop the Maltings into an arts centre/art gallery
- The Maltings is inadequate as a modern cinema venue
- The new cinema should complement the offer at the Maltings
- The new cinema could harm the Maltings

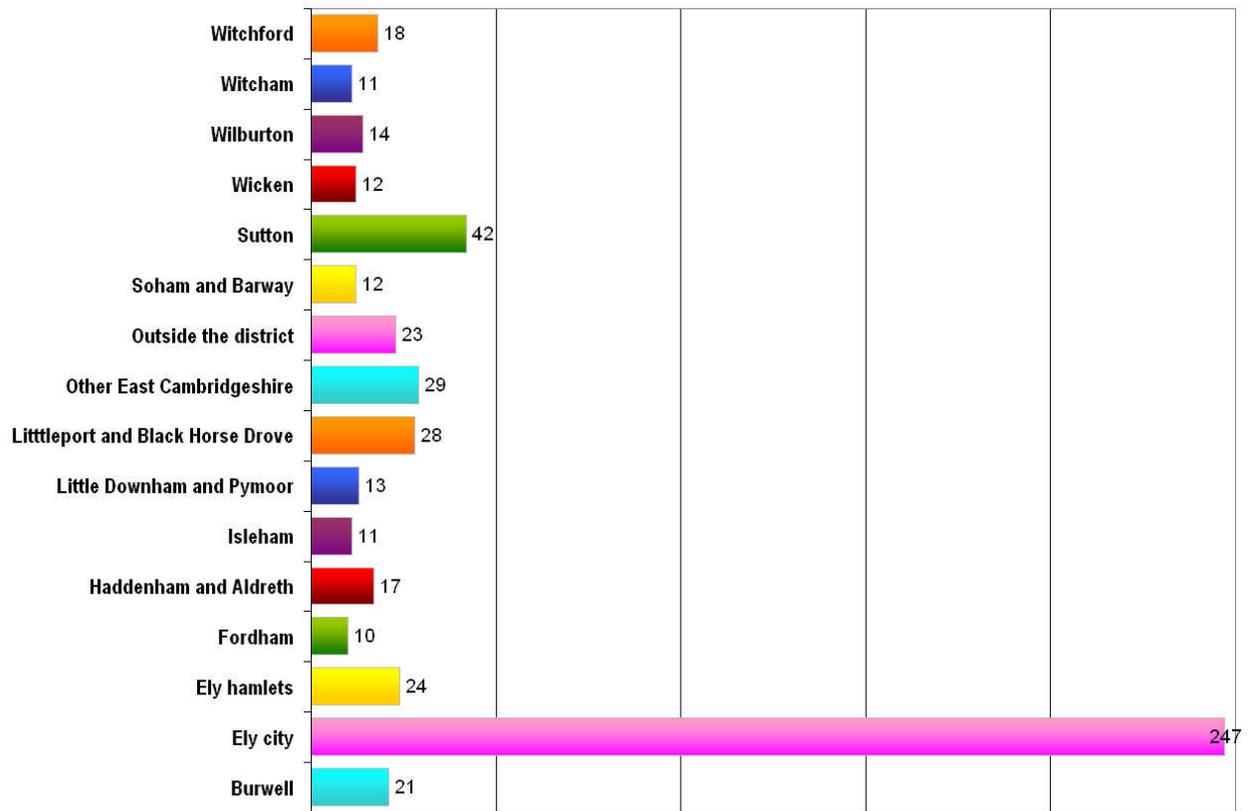

Design

- The new cinema should reflect the character of Ely, not be of a standard design – e.g. Sainsburys, new recycling centre
- The cinema should be environmentally friendly

Location of respondents

Appendix 2 – Additional comments by letter/email

Four comments were received in letter / email format, as follows:

Highways Agency: no comments

Marine Management Organisation: no comments

English Heritage: A new multi-screen cinema for Ely will have the potential to make a major contribution to the night time economy of the city. However, the siting of such a facility needs careful consideration, since a location away from the city centre will have the potential to draw existing spending away from commercial premises such as public houses and restaurants within the centre. Therefore, in order to allow a degree of mutual support between premises and ensure the long term commercial vitality of the city centre, English Heritage strongly recommends that only sites within the existing city centre are considered for the new cinema.

Cheffins: As far as a suitable site is concerned, I think it needs to be in the Angel Drove area so it is easily accessible by people using the rail service, as well as the bus service from surrounding towns and villages and has a large enough car park for the majority of users.

Associated British Foods (Westmill Foods site): the landowners state their intention to redevelop their site as soon as possible.

Consultation on Cinema Provision in Ely

East Cambridgeshire District Council has been gathering views on how the district should grow and develop. Public consultation on the Ely Masterplan revealed strong support for a new cinema in Ely. We would now like your views on the potential site options which have been identified. Given the strong public desire for a new cinema in Ely, it has been decided to focus on sites which are more straightforward to develop (either vacant or with potential for existing uses to relocate within 5 years or so).

How to Comment

You can submit your response online via <http://www.surveymonkey.com/s/elycinema>, or paper questionnaires can be returned to: (1) Forward Planning, East Cambridgeshire District Council, The Grange, Nutholt Lane, Ely, (2) Ely Library or (3) The Maltings. All comments should be submitted by **Monday 6 August 2012**. If you have any questions on this consultation, please contact the Forward Planning Team on 01353 665555.

Section A: General Information

***1. Please provide your details. The information that you provide will be used for the purpose of the Local Plan and will be processed in accordance with the Data Protection Act.**

- Car Bus Train Walk Cycle

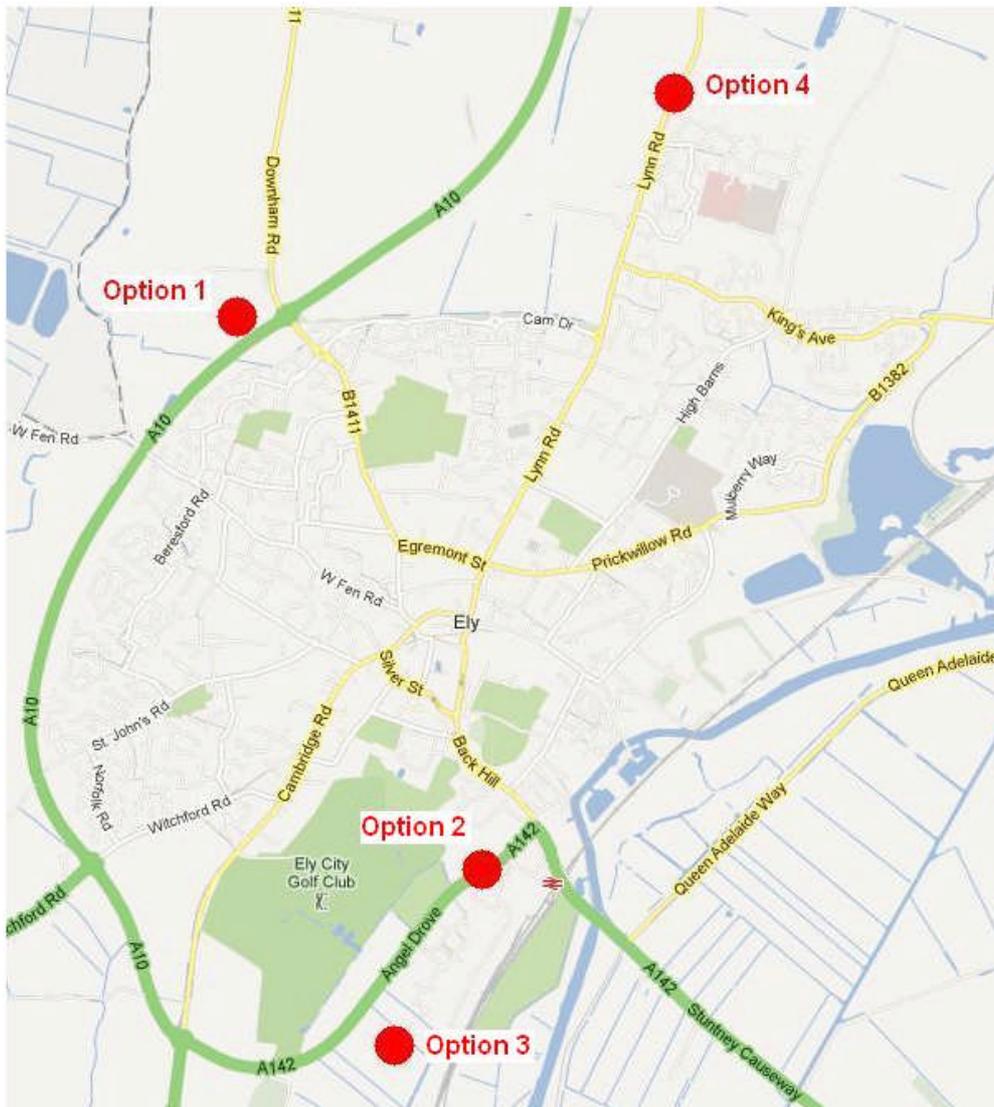

7. How often do you normally go to the cinema?

- Weekly Fortnightly Monthly Less often

8. How often do you think you would visit a multiplex cinema in Ely?

- Weekly Fortnightly Monthly Less often

Section B: Site Options

Option 1 - Land at junction of Downham Road/A10

This site lies on the northwestern edge of Ely and forms part of an existing concentration of sporting and leisure uses including rugby, football, hockey, tennis, squash and golf, either privately operated or represented by the Ely Outdoor Sporting Association (EOSA). The site benefits from planning permission for a new state-of-the-art leisure complex to replace the Paradise Swimming Pool. As part of this approval, a cycle and pedestrian underpass is proposed to link the site to the rest of the city. Additional land is available for other complementary uses which could include a cinema.

Potential delivery timescale: This site is owned by the District Council and is currently being used for grazing. Development could be progressed relatively quickly, with the site capable of being developed in around 2 years.

9. Would you support the development of a new multiplex cinema on land at Downham Road?

- Yes - I would support a new cinema here No - I would not support a new cinema here

Comments

10. Are there any other uses or activities that you would like to see developed in this area?

Option 2 - Ely Station Gateway area

The Station Gateway describes the area on the southern edge of Ely around the railway station. It currently provides a poor and unwelcoming environment and the District Council is exploring opportunities to redevelop the area as a possible leisure/employment hub, taking advantage of proximity to the railway station and river to provide for high quality development. There are several sites currently in commercial use which could be suitable for a cinema including the former home of Westmill Foods which has recently been cleared.

Potential delivery timescale: The District Council is not aware of any landowners in the area with interest in developing a cinema, however, if an owner was supportive a scheme could be built in around 2-5 years (depending on which site was available).

11. Would you support the development of a new multiplex cinema within the Ely Station Gateway area?

Yes - I would support a new cinema here No - I would not support a new cinema here

Comments

Option 3 - Land west of Cambridgeshire Business Park, Angel Drive

Tesco has indicated a desire to relocate from their current site adjacent to the station to a site on the southern end of Angel Drive. The Ely Masterplan shows the site for employment and for the retailing of bulky goods but other complementary uses could be considered.

Potential delivery timescale: The District Council does not know if the landowner would be supportive of developing a cinema alongside possible retail warehouses and business development. If the owner was supportive, a scheme could be built in around 2-3 years.

12. Would you support the development of a new multiplex cinema on land west of Cambridgeshire Business Park?

Yes - I would support a new cinema here No - I would not support a new cinema here

Comments

Option 4 - North Ely

An additional 3,000 homes are proposed to the north of Ely. The development will also include areas of mixed-use development, delivering jobs, facilities and infrastructure. The Council adopted a Development Framework for this area in 2011 and this identified a small district shopping centre. The development of a cinema could assist the integration of the new community with the rest of Ely, although the associated traffic generation could affect the amenity of nearby residential areas.

Potential delivery timescale: The District Council is not aware of any plans to develop a cinema by any of the landowners, however, if an owner was supportive a scheme could be delivered in 2-5 years.

13. Would you support the development of a new multiplex cinema at North Ely?

- Yes - I would support a new cinema here No - I would not support a new cinema here

Comments

14. Which is your preferred option? Please write the number of your preferred option in the box below.

1. Land at junction of Downham Road/A10
2. Ely Station Gateway area
3. Land west of Cambridgeshire Business Park
4. North Ely

15. Please use this space to comment further on the options presented and/or to put forward your suggestions for alternative options.

Section C: Monitoring Information

It would be useful if you could give us a few details about yourself. This will help us to check whether a cross section of the community has had a chance to contribute to the consultation. The information in this section will be strictly confidential and used only for monitoring purposes within the Forward Planning team.
