Consultation Response

---

Dear Sir/Madam

Thank you for consulting National Highways on the abovementioned Local Plan Single Issue Review.

National Highways is a strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the Strategic Road Network (SRN).

We have reviewed the proposed changes to the East Cambridgeshire District Council's Local Plan and consider the suggested changes to Policy Growth 1 and supporting text, is unlikely to have a severe impact on the operation of the trunk road at this stage in the plan period and therefore, we offer **No Comment**. Where relevant, National Highways will be a statutory consultee on future planning applications within the area and will assess the impact on the SRN of a planning application accordingly.

We look forward to engaging with future reviews of the Local Plan in due course.

Kind Regards

Alice
