## Alternative Polling Places

I do not know of an alternative suitable polling place

I do know of an alternative polling place (please provide details of your submission)

If you think that there are more suitable premises within the same polling district that could be used for polling purposes, please give the address below and your reasons for suggesting this.

Please note that there are many considerations when selecting a polling place for the electorate to go to vote. Amongst them are

- Is it big enough to accommodate the number of electors allocated?
- Is it in as central location as possible for the polling district it serves?
- Will there be long term guaranteed use of the polling place?
- Will it, as far as practicable, be accessible to people with disabilities?

It is not always possible to meet all of these requirements due to the availability of facilities within the polling district.
