

I note that, in the response made to FOI/EIR 20/21-127, the statement is made:

*“A survey of funeral directors in and adjacent to the catchment area was undertaken”.*

I would like to request further details about this survey; in particular:

1. How many funeral directors were asked to complete the survey?
2. How many funeral directors replied to the survey?
3. What was the catchment area for the funeral directors?
4. Can you provide a list of the funeral directors included in the survey?
5. Can you list questions included in the survey?
6. Can you list the replies provided to the survey?
