

- From January 1st 2015 to August 21st 2020:
How many Accident and Near Miss Report Forms have been completed by all Council employees (not just the POS team) who have had driving accidents/near misses/incidents (whilst driving all types of vehicles and including ride-on mowers, fork-lift trucks and tractors)?
What was the nature/detail of each accident/near miss/incident?
What was the management response to each accident/near miss/incident? Did any lead to disciplinary action, driving assessments, driver training, or concerns?
- From January 1st 2020 to August 21st 2020:
How many days have ride-on mowers and vehicles been driven by Council employees without the appropriate checklists being completed? How many Management Instruction Letters were issued to those drivers for failure to complete those checklists?
