Request:

I was wondering if it's possible to receive the following information through a Freedom of Information request:

- How many local land search requests do you receive monthly for the years 2019, 2020 and 2021?
- How many local land searches do you process each month for the years 2019, 2020 and 2021?
- On average how long does each local land search take to complete? This could be given in days, weeks or months. Could we get the average monthly times for 2019, 2020 and 2021?
