

In regards to council tax, over the last four years, what's the total number and value of liability orders, bailiff referrals, value of arrears recovered and total costs of bailiff action for council tax arrears?

I would be grateful if the information could appear in a spreadsheet format such as in the example below:

Year	Number of liability orders	Number of bailiff referrals	Number of repayment plans	total value of debt referred to bailiffs	value of arrears recovered by bailiffs
2018/2019					
2019/2020					
2020/2021					
2021/2022
