

The number of complaints submitted to the council in relation to the installation of a domestic heat pump, specifically in regards to a loss of amenity.

I would like the data sets for the following time periods:

August 01, 2020-July 30 2021

August 01, 2021-July 30, 2022

I would also like to know the number of complaints during these periods that were upheld -- and in how many cases a heat pump was ordered to be removed.

Furthermore, if possible through a keyword search, I would like to know how many complaints specifically cited the following: loss of light, excessive noise, intrusion of privacy.
