Further to your information request FOI/EIR 22/23-295 please find your question and our response below.

## **Request:**

I am asking for:

- Details of each project funded with Community Infrastructure Levy in the last five years which provided childcare or other early years support to children.
- Details of each project funded with Section 106 funding in the last five years which provided childcare or other early years support to children.
- The total monetary value of Community Infrastructure Levy funding in the last five years awarded to projects which provided childcare or other early years support to children.
- The total monetary value of Section 106 funding in the last five years awarded to projects which provided childcare or other early years support to children.

In these questions, I am asking for details of projects specifically aimed at early years services or childcare, rather than funding for schools, and I am referring to the last five full financial years (starting 2017/18).

## **Response:**

No projects which provided childcare or other early years support to children have received Community Infrastructure Levy funds in the last five years.

The Council has collected and transferred £241,605.86 in S106 contributions towards Early Years Education to Cambridgeshire County Council in the last five years. Please contact Cambridgeshire County Council Education Department for specific project information.
