

Relating to non-residential properties:

1. A list of instances, in the past 15 years, when East Cambridgeshire has found structural issues with hollow block and beam/beam and pot structures on any buildings within the authority. The list should include: the address where the issue was found, what sort of building (i.e. school, office etc) it, and when the issue was found
2. A list of instances, in the past 15 years, when East Cambridgeshire commissioned reports from structural engineers into structural issues with hollow block and beam/beam and pot structures on any buildings within the authority. The list should include: the address where the issue was found, what sort of building (i.e. school, office etc), and when the issue was found.
3. Copies of those reports. I would like to receive the information in Excel format please.
