

Summary of current play from information provided by Haddenham Parish Council

This Summary of Play report has been produced by East Cambridgeshire District Council following the 2012-13 Play Audit on behalf of parish councils to help guide their planning and funding for new or upgrading play facilities.

The report includes details of current provision and any issues highlighted by the Parish Council when completing the consultation. The findings are based on information provided by the parish council during 2012-13 and have been compared to the local planning standards which provide a benchmark on provision that should be available according to population size.

The findings indicate where there may be deficits and will be useful for parishes that are considering any improvements or enhancing play provision to address deficits or growth.

Analysis of existing provision in Haddenham & Aldreth

There are currently six play areas in Haddenham and Aldreth and seven areas of informal open space.

The parish council has advised that Wayman's Pits may be considered as an area of informal open space in the future, however there are currently issues with vehicular access to the site.

Deficits and surpluses of provision

The play areas in Haddenham cater for toddlers, juniors and youths. The parish council advises that there is sufficient provision to meet existing community needs, however the audit identifies that there is a deficit in youth provision, based on the planning standard per head of population.

The majority of the parish falls within the radial travel distances of play areas for each age category. This is particularly the case with provision for youth facilities. The areas that fall outside of the radial travel distance for youth play provision include:

- Part of Hill Row, to the west of Yew Tree Farm
- Part of Aldreth Road, south of Great Mill
- All of Aldreth

The areas that fall outside of the radial travel distance for junior and toddler play provision include:

- Haddenham Road (towards Wilburton)
- North part of Station Road (including part of Chesswell's Close and The Pond)
- West of Hill Row
- Part of Aldreth Road
- Part of Lode Way

Range of Play Experiences

The play area on Hop Row Recreation Ground provides a range of play experiences however others don't. The parish council has identified that the play area in Aldreth is aging and is in need of a complete refurbishment. The parish council propose to provide equipment at the New Town Road, Pocket Park.

Access

Haddenham Parish Council advise that there is a wide variety of equipment provided throughout the parish, most of which can be used by disabled children.

Consultation

The parish council has carried out extensive consultation to assess the play requirements of the community, including:

- Questionnaires to every household in the parish
- Exhibition at Arkenstall Village Hall (60 x questionnaires completed by children and parents/guardians)
- Survey carried out by pupils at local school
- Youth Club consulted and signed petition.

Future Development

The Parish Council advises that they wish to carry out the following play developments in Haddenham in the future:

- update all of the play areas in the parish
- complete refurbishment of play area at Aldreth
- new equipment to be installed at the New Town Road, Pocket Park
- new play areas on Station Road (if there is further development)
