Information may also be shared with Children or Adults Social Care Services of both Cambridgeshire County Council & Peterborough City Council where a safeguarding concern may exist. The councils have a statutory duty to share information where there is a safeguarding concern and do not need to seek your consent to share in those circumstances.

The councils will also share information about individuals in order to offer support and assistance for education, housing or welfare benefits. Where appropriate, the council in contact with you will explain how your personal information is being used and who it is being shared with. This will enable the appropriate services to be offered to you.
