

Housing & Community Safety 17/18

Overview of the service

The remit of the team is to deliver the Council's housing advice and homelessness service with the emphasis on preventing homelessness.

The service is also responsible for fulfilling the Council's legal obligation to assist homeless persons, investigate the individual reasons for homelessness and advise the client accordingly and provide temporary accommodation where applicable.

In addition to the above the team is responsible for ensuring illegal evictions and harassment within the district are eradicated, providing a Landlord Resolution Service and Landlord Forum, liaising with partner housing providers, referring clients to the homeless hostels. They are also the conduit for the Rent Deposit Scheme, Young Persons Project, Young Parents Project, Crash Bed Provision for 16/17 yr old (or care leavers), Private Sector Leasing Scheme, Choice Based Lettings Scheme, Housing Register and Allocations of social housing.

We are regulated by Government and have to have regard of numerous Housing Acts as well as the Council's Homelessness Strategy 2015 – 2018 and the Council's corporate aims of:

- **maintaining sound finances by investing wisely, maximising income and providing effective and efficient services, and,**
- **when delivering our services our customers are at the heart of everything we do**

The cost to run the service totals £458,261 per annum. This amount includes staffing costs, homelessness prevention initiatives, deposits for private sector accommodation and staff training. It also funds temporary accommodation for homelessness emergencies alongside hostel charges and voids and removal and storage costs.

Since January 2014 we have increased our income stream by passing the full cost for bed and breakfast and removal and storage onto the client, as well as renting out our hostel rooms to other Local Authorities.

For Community Safety

The CSP has this year delivered the launch of its 'eyes and ears' scheme that recruits volunteers to report incidents of vulnerable people. Members include supermarkets, Royal Mail, churches and other community groups. The intelligence gathered recently led to a timely intervention to prevent a gas explosion at an elderly vulnerable lady's home. Her life and those of her neighbours were saved to a visit by a civilian police staff member . We have also secured funding from the Police and Crime Commissioner to tackle alleged abuses of migrant workers in the District. This will fill an intelligence gap and help focus on operations to tackle offenders.

Officers from various agencies are working together to solve anti social driving incidents at the Council's car parks and business centres.

Officers are also working with Littleport parish council to tackle youth ASB through providing better facilities and encouraging young people at risk of offending into positive activities in the town.

Officers have escalated their use of new ASB powers, with five Criminal Prosecution Notice warnings being sent out for anti social behaviour involving dangerous dogs. A new mediation initiative between the Council and the Police has enabled council and police staff to deliver an in house mediation service thus saving both organisations money. Staffs are fully trained as mediators and subjects include anti social behaviour, neighbourhood disputes etc. Following mediation, officers put Good Neighbour Agreements in place where appropriate.

Work on the Governments Prevent agenda continues. So far officers have attended and presented a talk to young people on the dangers of terrorism and being radicalised. A talk was given to 800 students at Witchford College and there is a programme to roll this out to other schools across the district.

Staffing information
