In compliance with the Duty to Co-Operate	Yes <input type="checkbox"/>	No <input type="checkbox"/>	Don't know <input type="checkbox"/>

Q4. If you answered 'No' to question 2 or 3 above, please give details below. Please be as precise as possible and follow guidance in our note 'Guidance notes on completing the Representation Form'. You can also use this box to set out your representation if you support the SIR Local Plan or SA.

**These representations are submitted on behalf of the Strategic Assets Team at Cambridgeshire County Council as landowner with various land interests throughout East Cambridgeshire.**

**Proposed Change 4 of the Proposed Submission SIR provides updated supporting text to explain the housing requirement for replacement Policy GROWTH 1. The representations to Section 4 of the SIR address the proposed housing requirement in more detail, and they are not repeated in these representations.**

**The proposed housing requirement is based on the local housing need calculation using the standard method set out in national policy and guidance, and no adjustments are applied to this figure. Proposed Change 4 of the SIR does not consider or assess the national guidance contained in Section Id:2a (Housing and Economic Needs Assessment) of the Planning Practice Guidance that identifies factors that might lead to an adjustment to the housing requirement, or Section Id.63 (Housing for Older and Disabled People) that explains how the housing needs of these groups should be addressed in development plans. In summary, the following factors support an upward adjustment to the housing requirement: East Cambridgeshire is within the Oxford to Cambridge Arc; the Cambridge and Peterborough Devolution Deal commits the authorities in the area, including East Cambridgeshire, to double economic output by 2040; the delivery of affordable housing in East Cambridgeshire has been poor; and there is an unmet need for older persons housing and extra care accommodation.**

**The SIR should be consistent with national policy and guidance on meeting housing needs. Paragraph 59 of the NPPF confirms the Government's objective to significantly boost the supply of housing, and to achieve this by ensuring that a sufficient amount and variety of land for housing is identified. Paragraph 60 expects the standard method to be used to determine the minimum number of houses needed. Paragraph 61 expects the size, type and tenure of housing needs of the community to be assessed and reflected in planning policies, including for example those with an affordable housing need, older people, students, renters and self-builders. Section Id.2a of the Planning Practice Guidance explains how housing and economic needs assessments should be undertaken, including how to calculate local housing needs using the standard method. Paragraph 010 of Id.2a makes it clear that the standard method is the minimum starting point for determining local housing needs and acknowledges that there may be circumstances where actual housing need is higher than the standard method indicates, and**

includes a growth strategy and strategic infrastructure. Paragraph 024 of Id.2a explains how the need for affordable housing is calculated, and it is suggested that the overall housing target should be increased where it could help deliver the required number of affordable homes. It should be noted that an adjustment to the housing requirement to increase the supply of affordable housing is different to the affordability adjustment already factored into the standard method calculations. Section Id.63 of the Planning Practice Guidance explains how to identify and then meet the housing needs of older and disabled people. Paragraph 006 of Id.63 expects plans to include policies to meet the housing needs of older and disabled people, and could identify the number of units of specialist housing for older people that is needed during the plan period. Paragraph 013 of Id.63 is flexible towards the allocation of sites, but acknowledges that allocating sites for specialist housing for older people provides greater certainty and encouragement to meet needs and is appropriate where there is an identified unmet need for this type of housing.

In summary, there are economic strategies and transport infrastructure projects that will have an impact on the growth of East Cambridgeshire. There is a need to increase the supply and delivery of affordable housing in East Cambridgeshire. Cambridgeshire County Council (Strategic Assets Team) owns land in Burwell, Isleham and Fordham that are suitable for residential development, including affordable housing and housing for older persons. According to the Council's Housing Register the affordable housing need for those with a local connection to each village is as follows: Burwell – 77 affordable dwellings; Isleham – 42 affordable dwellings; and, Fordham – 75 affordable dwellings. The affordable housing needs of those villages would not be met through the SIR. All of these factors indicate that upward adjustments are required to the housing figure derived from the standard method for East Cambridgeshire, and those adjustments should be applied to the housing requirement in replacement Policy GROWTH 1 in the SIR. There is an unmet need for older persons housing and extra care accommodation, which is not being met by the policies and allocations of the adopted East Cambridgeshire Local Plan. The SIR and the replacement Policy GROWTH 1 should identify the housing needs of older people, define policies to meet those needs, and allocate sites for this type of housing.

Q5. If you answered 'No' to question 2 or 3 above, please set out what change(s) you consider necessary, and why, to make the SIR Local Plan or SA legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording for any policy or text. Please be as precise as possible.

**The following changes are requested to Proposed Change 4:**

**It is requested that appropriate adjustments are made to the housing requirement in replacement Policy GROWTH 1 to reflect the factors identified in Sections Id.2a and Id.63 of the Planning Practice Guidance, and in particular to address affordable housing needs and older person housing needs.**

Q6. It is important to note that written and oral representations carry exactly the same weight and will be given equal consideration in the examination. As such, do you consider it necessary to participate at the oral part of the examination?

**Yes I do wish to participate at the oral examination**
