

## **Summary of current play from information provided by Stetchworth Parish Council**

This Summary of Play report has been produced by East Cambridgeshire District Council following the 2012-13 Play Audit on behalf of parish councils to help guide their planning and funding for new or upgrading play facilities.

The report includes details of current provision and any issues highlighted by the Parish Council when completing the consultation. The findings are based on information provided by the parish council during 2012-13 and have been compared to the local planning standards which provide a benchmark on provision that should be available according to population size.

The findings indicate where there may be deficits and will be useful for parishes that are considering any improvements or enhancing play provision to address deficits or growth.

### **Analysis of existing provision in Stetchworth**

There are currently two play areas in Stetchworth and two areas of informal open space.

#### Deficits and surpluses of provision

The play areas in Stetchworth cater for toddlers, juniors and youths.

Stetchworth Parish Council advised that there are sufficient play areas and areas of informal space to meet the existing community need. This is partly supported by the audit findings as there is a surplus of play provision for toddlers and juniors, however there is a deficit in youth play provision and informal open space based upon the planning standard per head of population.

The map identifies that all of the houses in Stetchworth fall within the radial travel distance of youth play areas. The majority of the village falls, with the exception of Church Lane, falls within the travel distance for toddler and junior play provision.

#### Range of Play Experiences

Stetchworth Parish Council advise that there is a lack of facilities for teenagers in the village.

#### Accessibility

The play areas in Stetchworth are accessible to people with disabilities.

#### Consultation

The parish council advised that no consultation has been carried out with residents regarding the quality of play provision in the past three years.

#### Future Development

The parish council advises of the following future plans regarding play provision:

- Replacement of existing play equipment in the next few years due to the age of the equipment
- A grant has been applied for the re-carpeting of the MUGA

There are no plans to add any new play areas in the near future.
