# **East Cambridgeshire District Council**

Year ending 31 March 2017

Audit Plan

To be presented to the Corporate Governance & Finance Committee 3 April 2017

Ernst & Young LLP

Ernst & Young LLP One Cambridge Business Park Cowley Road Cambridge CB4 0WZ Tel: + 44 1223 394 400 Fax: + 44 1223 394 401 ey.com

Corporate Governance & Finance Committee
East Cambridgeshire District Council
The Grange, Nutholt Lane
Ely
Cambridgeshire
CB7 4EE

14 March 2017

**Dear Committee Members** 

#### 2016/2017 Audit Plan

We are pleased to attach our Audit Plan which sets out how we intend to carry out our responsibilities as your auditor. Its purpose is to provide the Corporate Governance & Finance Committee with a basis to review our proposed audit approach and scope for the 2016/17 audit in accordance with the requirements of the Local Audit and Accountability Act 2014, the National Audit Office's 2015 Code of Audit Practice, the Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA) Ltd, auditing standards and other professional requirements. It is also to ensure that our audit is aligned with the Committee's service expectations.

This plan summarises our initial assessment of the key risks driving the development of an effective audit for the Council and outlines our planned audit strategy in response to those risks. We will present you with an update of progress on our Audit Plan at a subsequent meeting and after our early interim work has been performed.

We welcome the opportunity to discuss this Audit Plan with you on 3 April 2017 and to understand whether there are other matters which you consider may influence our audit.

Yours faithfully

Suresh Patel
Executive Director
For and behalf of Ernst & Young LLP

In April 2015 Public Sector Audit Appointments Ltd (PSAA) issued "Statement of responsibilities of auditors and audited bodies". It is available from the Chief Executive of each audited body and via the PSAA website (www.psaa.co.uk).

The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The 'Terms of Appointment from 1 April 2015' issued by PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and statute, and covers matters of practice and procedure which are of a recurring nature.

This Audit Plan is prepared in the context of the Statement of responsibilities. It is addressed to the Corporate Governance & Finance Committee, and is prepared for the sole use of the audited body. We, as appointed auditor, take no responsibility to any third party.

Our Complaints Procedure – If at any time you would like to discuss with us how our service to you could be improved, or if you are dissatisfied with the service you are receiving, you may take the issue up with your usual partner or director contact. If you prefer an alternative route, please contact Steve Varley, our Managing Partner, 1 More London Place, London SE1 2AF. We undertake to look into any complaint carefully and promptly and to do all we can to explain the position to you. Should you remain dissatisfied with any aspect of our service, you may of course take matters up with our professional institute. We can provide further information on how you may contact our professional institute.

## 1. Overview

This Audit Plan covers the work that we plan to perform to provide you with:

- ▶ Our audit opinion on whether the financial statements of East Cambridgeshire District Council give a true and fair view of the financial position as at 31 March 2017 and of the income and expenditure for the year then ended;
- Our conclusion on the Council's arrangements to secure economy, efficiency and effectiveness; and
- ▶ Any additional specific sector requirements.

We will also review and report to the National Audit Office (NAO), to the extent and in the form required by them, on the Council's Whole of Government Accounts return.

Our audit will include the mandatory procedures that we are required to perform in accordance with applicable laws and auditing standards.

When planning the audit we take into account several key inputs:

- ▶ Strategic, operational and financial risks relevant to the financial statements:
- ▶ Developments in financial reporting and auditing standards;
- ► The quality of systems and processes;
- ► Changes in the business and regulatory environment; and
- ▶ Management's views on all of the above.

By considering these inputs, our audit is focused on the areas that matter and our feedback is more likely to be relevant to the Council.

We will provide an update to the Corporate Governance & Finance Committee on the results of our work in these areas in our report to those charged with governance scheduled for delivery in September 2017.

# 2. Financial statement risks

We outline below our current assessment of the financial statement risks facing the Council identified through our knowledge of the Council's operations and discussion with those charged with governance and officers.

At our meeting, we will seek to validate these with you.

Significant risks (including fraud risks)

Our audit approach

#### Risk of fraud in revenue and expenditure recognition

Under ISA240 there is a presumed risk that revenue may be misstated due to improper recognition of revenue.

In the public sector, this requirement is modified by Practice Note 10, issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition.

#### We will:

- Review and test revenue and expenditure recognition policies.
- Review and discuss with management any accounting estimates on revenue or expenditure recognition for evidence of bias.
- Develop a testing strategy to test material revenue and expenditure streams.
- Review and test revenue cut-off at the period end date.

#### Risk of management override

As identified in ISA (UK and Ireland) 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively.

We identify and respond to this fraud risk on every audit engagement.

Our approach will focus on:

- Testing the appropriateness of journal entries recorded in the general ledger and other adjustments made in the preparation of the financial statements.
- Reviewing accounting estimates for evidence of management bias.
- ► Evaluating the business rationale for significant unusual transactions.

#### Other financial statement risks

Financial statements presentation – Expenditure and funding analysis and Comprehensive income and expenditure statement

Amendments have been made to the Code of Practice on Local Authority Accounting in the United Kingdom 2016/17 (the code) this year changing the way the financial statements are presented.

The new reporting requirements impact the Comprehensive Income and Expenditure Statement (CIES) and the Movement in Reserves Statement (MiRS), and include the introduction of the new.

'Expenditure and Funding Analysis' note as a result of the 'Telling the Story' review of the presentation of local authority financial statements.

The Code no longer requires statements or notes to be prepared in accordance with SeRCOP. Instead the Code requires that the service analysis is based on the organisational structure under which the authority operates. We expect this to show the Council's segmental analysis.

This change in the code will require a new structure for the primary statements, new notes and a full retrospective restatement of impacted primary statements. The restatement of the 2015/16 comparatives will require audit review, which could potentially incur additional costs, depending on the complexity and manner in which the changes are made.

Our approach will focus on:

- Reviewing the expenditure and funding analysis, CIES and new notes to ensure disclosures are in line with the code
- Reviewing the analysis of how these figures are derived, how the ledger system has been re-mapped to reflect the Council's organisational structure and how overheads are apportioned across the service areas reported.
- Agreeing the restated comparative figures back to the Council's segmental analysis and supporting working papers.

Valuation and impairment of property, plant and equipment and investment property

Property, Plant and Equipment (PPE) and Investment Properties (IP) represent the largest asset value on the Council's balance sheet.

PPE are initially measured at cost and then revalued to fair value (determined by the amount that would be paid for the asset in its existing use) on a 5 year rolling basis. The Council engages an external expert valuer using a number of complex assumptions.

Annually assets are assessed to identify whether there is any indication of impairment.

ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of external experts and assumptions underlying fair value estimates.

Our approach will focus on:

- Considering of revaluations in year, the basis of valuation of significant assets and any significant changes in use to ensure they remain appropriate if circumstances change.
- ► The valuation expertise used by the Council
- The reasonableness of the estimations and judgements used.

#### **Pensions Accounting**

The Council operates a defined benefits pension scheme. Accounting for this scheme involves significant estimation and judgement.

The Pension liability is the largest balance on the balance sheet and inherently represents a risk of material misstatement.

Our approach will focus on:

- ► The expertise of the Actuary used by the Council,
- ► The completeness and accuracy of the data provided by the Council to the Actuary, and
- The reasonableness of the estimations and judgements used by the Actuary.

#### Assessment of the Group boundary

The Council has a number of joint arrangements which necessitate the preparation of group accounts.

As last year, the Council will need to assess each arrangement to determine what falls within the group boundary and therefore requires consolidating into the Council's financial statements.

The Council will need to ensure its consolidation procedures capture all the relevant information and enable it to meet the accounting and disclosure requirements of the Code.

There is a risk that associated group boundary changes may go undetected, and that the required disclosures are not made in accordance with the Code. Our approach will focus on the reasonableness of the Council's assessment by:

- Reviewing the Council's determination of where overall control lies with regard to the operation and delivery of services of the potential group bodies; and
- Reviewing the consolidation procedures applied by the Council to those bodies that lie within the group boundary. If necessary we will draw on our financial accounting specialists to review the technicalities of consolidation. We will discuss and agree any specialist involvement with the Council as well as the impact on the audit fee.

We will engage with the auditors of East Cambs Trading Company and review the financial information prepared by the Council in respect of the Business Centre to gain the necessary assurances for our audit of the group financial statements.

In addition to the above, 2016/17 is the first year of trading for East Cambridgeshire Local Authority Trading Company (LATC) and as a result is also the first year that the Council will consolidate the company into its accounts. The Board of the company has appointed a firm of accountants based in Ely to provide audit services. We will be required to undertake additional audit procedures on the consolidation processes including testing the accounting entries and disclosures relevant to the group accounts. These additional procedures require an increase to the audit fee which we currently propose as £1,500.

# 2.1 Responsibilities in respect of fraud and error

We would like to take this opportunity to remind you that management has the primary responsibility to prevent and detect fraud. It is important that management, with the oversight of those charged with governance, has a culture of ethical behaviour and a strong control environment that both deters and prevents fraud.

Our responsibility is to plan and perform audits to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatements whether caused by error or fraud. As auditors, we approach each engagement with a questioning mind that accepts the possibility that a material misstatement due to fraud could occur, and design the appropriate procedures to consider such risk.

Based on the requirements of auditing standards our approach will focus on:

- Identifying fraud risks during the planning stages;
- ▶ Enquiry of management about risks of fraud and the controls to address those risks;
- Understanding the oversight given by those charged with governance of management's processes over fraud;
- Consideration of the effectiveness of management's controls designed to address the risk of fraud:
- Determining an appropriate strategy to address any identified risks of fraud, and
- ▶ Performing mandatory procedures regardless of specifically identified risks.

# 3. Value for money risks

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources.

For 2016-17 this is based on the overall evaluation criterion:

"In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people"

Proper arrangements are defined by statutory guidance issued by the National Audit Office. They comprise your arrangements to:

- Take informed decisions;
- ▶ Deploy resources in a sustainable manner; and
- Work with partners and other third parties.

In considering your proper arrangements, we will draw on the requirements of the CIPFA/SOLACE framework for local government to ensure that our assessment is made against a framework that you are already required to have in place and to report on through documents such as your annual governance statement.

We are only required to determine whether there are any risks that we consider significant, which the Code of Audit Practice which defines as:

"A matter is significant if, in the auditor's professional view, it is reasonable to conclude that the matter would be of interest to the audited body or the wider public"

Our risk assessment supports the planning of sufficient work to enable us to deliver a safe conclusion on arrangements to secure value for money and enables us to determine the nature and extent of further work that may be required. If we do not identify any significant risks there is no requirement to carry out further work.

Our risk assessment has therefore considered both the potential financial impact of the issues we have identified, and also the likelihood that the issue will be of interest to local taxpayers, the Government and other stakeholders. This has identified **no significant risks** which we view as relevant to our value for money conclusion.

However, we have identified some areas of focus as part of our work on understanding the Council's arrangements for securing economy, efficiency and effectiveness on its use of resources:

- ▶ Leisure Centre the Council is currently building a new leisure centre. The funding strategy went to Council in June 2016 and, following a slight delay, the build started in November 2016.
- ▶ Local Authority Trading Company (LATC) the Council established a LATC last year East Cambridgeshire Trading Company 'the Company'. The Council has granted a £5m loan to the Company, repayable within five years, and is treating the funding of this capital expenditure funded from borrowing.
- ► Capital Programme the funding of the capital programme includes the £5 million borrowing to fund the LATC loan. The funding also assumes the receipt of certain capital receipts and deferred capital receipts. Other funding sources have also been secured for

the new Leisure Centre (e.g. CIL, Sport England funding). The Council anticipates there will be no additional revenue implications in funding the capital programme.

▶ Waste Contract – the contract is currently with Veolia, and expires in March 2018. After consideration of a number of options the Council has decided to place the contract with the Company (LATC) from April 2018. This will impact on the 2018/19 financial statements, however the Council is planning to replace a number of waste collection vehicles during 2017/18, which impacts the capital programme.

Our approach will focus on progress in these areas by discussion with key officers and by review of key reports and plans, relating to:

:

- Decisions taken:
- The procurement process:
- ► The financing arrangements:
- The accounting treatment (including group accounting treatment); and
- ► The consideration of the impact on the capital programme and the financial resilience of the Council.

We will update our risk assessment throughout the audit. This will include reviewing the financial resilience of the Council and the robustness of the medium term financial plans and assumptions. We will update the Corporate Governance & Finance Committee with our findings at the September 2017 Committee.

# 4. Our audit process and strategy

# 4.1 Objective and scope of our audit

Under the Code of Audit Practice our principal objectives are to review and report on the Council's:

- Financial statements; and
- Arrangements for securing economy, efficiency and effectiveness in its use of resources to the extent required by the relevant legislation and the requirements of the Code.

We issue an audit report that covers:

#### 1. Financial statement audit and regularity audit

Our objective is to form an opinion on the financial statements under International Standards on Auditing (UK and Ireland).

Alongside our audit report, we also review and report to the NAO on the Whole of Government Accounts return to the extent and in the form they require.

# 2. Arrangements for securing economy, efficiency and effectiveness (value for money)

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources.

# 4.2 Audit process overview

Our audit involves:

- ▶ Assessing the key internal controls in place and, where we consider it appropriate to do so, testing the operation of these controls.
- ▶ Review and re-performance of the work of Internal Audit where appropriate.
- ▶ Reliance on the work of experts in relation to areas such as pensions and property valuations.
- ▶ Substantive tests of detail of transactions and amounts.

#### **Analytics**

We will use our computer-based analytics tools to enable us to capture whole populations of your financial data, in particular journal entries. These tools:

- ▶ Help identify specific exceptions and anomalies which can then be subject to more traditional substantive audit tests.
- ► Give greater likelihood of identifying errors than random sampling techniques.

We will report the findings from our process and analytics work, including any significant weaknesses or inefficiencies identified and recommendations for improvement, to management and the Corporate Governance & Finance Committee.

#### Internal audit

As in prior years, we will review internal audit plans and the results of their work. We will reflect the findings from these reports, together with reports from any other work completed in the year, in our detailed audit plan, where we raise issues that could have an impact on the year-end financial statements.

#### Use of specialists

When auditing key judgements, we are often required to rely on the input and advice provided by specialists who have qualifications and expertise not possessed by the core audit team. The areas where either EY or third party specialists provide input for the current year audit are:

Area	Specialists
Pensions	Actuary/EY Pensions Team
Property, Plant and Equipment and Investment Property	Expert Valuer/ EY Valuations team

In accordance with Auditing Standards, we will evaluate each specialist's professional competence and objectivity, considering their qualifications, experience and available resources, together with the independence of the individuals performing the work.

We also consider the work performed by the specialist in light of our knowledge of the Council's environment and processes and our assessment of audit risk in the particular area.

For example, we would typically perform the following procedures:

- ► Analyse source data and make inquiries as to the procedures used by the expert to establish whether the source date is relevant and reliable:
- ▶ Assess the reasonableness of the assumptions and methods used;
- ► Consider the appropriateness of the timing of when the specialist carried out the work; and
- ▶ Assess whether the substance of the specialist's findings are properly reflected in the financial statements.

# 4.3 Mandatory audit procedures required by auditing standards and the Code

As well as the financial statement risks (section two) and value for money risks (section three), we must perform other procedures as required by auditing, ethical and independence standards, the Code and other regulations. We outline below the procedures we will undertake during the course of our audit.

#### Procedures required by standards

- Addressing the risk of fraud and error;
- Reviewing significant disclosures included in the financial statements;
- Reviewing entity-wide controls;
- ► Reading other information contained in the financial statements and reporting whether it is inconsistent with our understanding and the financial statements; and
- Considering and reporting on auditor independence.

#### Procedures required by the Code

- Reviewing, and reporting on as appropriate, other information published with the financial statements, including the Annual Governance Statement
- ► Reviewing and reporting on the Whole of Government Accounts return, in line with the instructions issued by the NAO

Finally, we are also required to discharge our statutory duties and responsibilities as established by the Local Audit and Accountability Act 2014 and Code of Audit Practice.

# 4.4 Materiality

For the purposes of determining whether the financial statements are free from material error, we define materiality as the magnitude of an omission or misstatement that, individually or in aggregate, could reasonably be expected to influence the users of the financial statements.

Our evaluation requires professional judgement and so takes into account qualitative as well as quantitative considerations implied in the definition.

We have determined that overall materiality for the financial statements of the Council is £796,000 based on 2% of gross expenditure in 2015/16. We will communicate uncorrected audit misstatements greater than £40,000 to you.

The amount we consider material at the end of the audit may differ from our initial determination. At this stage, however, it is not feasible to anticipate all the circumstances that might ultimately influence our judgement. At the end of the audit we will form our final opinion by reference to all matters that could be significant to users of the financial statements, including the total effect of any audit misstatements, and our evaluation of materiality at that date.

### 4.5 Fees

The duty to prescribe fees is a statutory function delegated to Public Sector Audit Appointments Ltd (PSAA) by the Secretary of State for Communities and Local Government. PSAA has published a scale fee for all relevant bodies. This is defined as the fee required by auditors to meet statutory responsibilities under the Local Audit and Accountability Act 2014 in accordance with the NAO Code. The indicative fee scale for the audit of East Cambridgeshire District Council is £41,500 (excluding VAT). As outlined in Section 2, to undertake the additional procedures required for the consolidation of the East Cambridgeshire LATC we propose an increase to the audit fee of £1,500.

## 4.6 Your audit team

We have made a change to your audit team to provide the appropriate capacity at senior level and ensure we meet your client service needs. Suresh Patel, an Executive Director with significant experience of auditing local authorities will lead the team. He will be supported by Kay McClennon who also has significant experience of local government audits. Kay is responsible for the day-to-day direction of audit work and is the key point of contact for the finance team.

# 4.7 Timetable of communication, deliverables and insights

We have set out below a timetable showing the key stages of the audit, including the value for money work and the Whole of Government Accounts. The timetable includes the deliverables we have agreed to provide to the Council through the Corporate Governance & Finance Committee's cycle in 2016/17. These dates are determined to ensure our alignment with PSAA's rolling calendar of deadlines.

From time to time matters may arise that require immediate communication with the Corporate Governance & Finance Committee and we will discuss them with the Chair as appropriate.

Following the conclusion of our audit we will prepare an Annual Audit Letter to communicate the key issues arising from our work to the Council and external stakeholders, including members of the public.

		Corporate Governance & Finance Committee	
Audit phase	Timetable	timetable	Deliverables
High level planning	April	April 2016	Audit Fee Letter
Risk assessment and setting of scopes	January – February 2017	April 2017	Audit Plan
Testing routine processes and controls. Early substantive testing on areas prepared early by finance team (faster close).	March 2017	April 2017	Progress report – we will only report by exception if there are any matters to draw to the attention of the Committee at this stage from our interim audit work.
Year-end audit	June-July 2017	September 2017	Detailed timeline and audit requirements for year-end to be agreed with the Financial Accounting & Control Manager.
Completion of audit	September 2017	September 2017	Report to those charged with governance via the Audit Results Report
			Audit report (including our opinion on the financial statements; and, overall value for money conclusion).
			Audit completion certificate
			Reporting to the NAO on the Whole of Government Accounts return.
Conclusion of reporting	October	November 2017	Annual Audit Letter
Housing Benefit Certification	Potential for early initial testing in April	January 2018	Annual Certification Report
	September - November		

In addition to the above formal reporting and deliverables we will seek to provide practical business insights and updates on regulatory matters.

# 5. Independence

## 5.1 Introduction

The APB Ethical Standards and ISA (UK and Ireland) 260 'Communication of audit matters with those charged with governance', requires us to communicate with you on a timely basis on all significant facts and matters that bear on our independence and objectivity. The Ethical Standards, as revised in December 2010, require that we do this formally both at the planning stage and at the conclusion of the audit, as well as during the audit if appropriate. The aim of these communications is to ensure full and fair disclosure by us to those charged with your governance on matters in which you have an interest.

#### Required communications

#### Planning stage

#### Final stage

- The principal threats, if any, to objectivity and independence identified by EY including consideration of all relationships between you, your affiliates and directors and us;
- The safeguards adopted and the reasons why they are considered to be effective, including any Engagement Quality Review;
- The overall assessment of threats and safeguards; and
- Information about the general policies and process within EY to maintain objectivity and independence.
- A written disclosure of relationships (including the provision of non-audit services) that bear on our objectivity and independence, the threats to our independence that these create, any safeguards that we have put in place and why they address such threats, together with any other information necessary to enable our objectivity and independence to be assessed;
- Details of non-audit services provided and the fees charged in relation thereto;
- Written confirmation that we are independent;
- Details of any inconsistencies between APB Ethical Standards, the PSAA Terms of Appointment and your policy for the supply of non-audit services by EY and any apparent breach of that policy; and
- An opportunity to discuss auditor independence issues.

During the course of the audit we must also communicate with you whenever any significant judgements are made about threats to objectivity and independence and the appropriateness of our safeguards, for example when accepting an engagement to provide non-audit services.

We also provide information on any contingent fee arrangements, the amounts of any future contracted services, and details of any written proposal to provide non-audit services;

We ensure that the total amount of fees that EY have charged to you and your affiliates for the provision of services during the reporting period are disclosed analysed in appropriate categories.

# 5.2 Relationships, services and related threats and safeguards

We highlight the following significant facts and matters that may be reasonably considered to bear upon our objectivity and independence, including any principal threats. However we have adopted the safeguards below to mitigate these threats along with the reasons why they are considered to be effective.

#### Self-interest threats

A self-interest threat arises when EY has financial or other interests in your entity. Examples include where we have an investment in your entity; where we receive significant fees in respect of non-audit services; where we need to recover long outstanding fees; or where we enter into a business relationship with the Council.

At the time of writing, there are no long outstanding fees.

A self-interest threat may also arise if members of our audit engagement team have objectives or are rewarded in relation to sales of non-audit services to the Council. We confirm that no member of our audit engagement team, including those from other service lines, is in this position, in compliance with Ethical Standard 4.

There are no other self-interest threats at the date of this report.

#### Self-review threats

Self-review threats arise when the results of a non-audit service performed by EY or others within the EY network are reflected in the amounts included or disclosed in the financial statements.

There are no other self-review threats at the date of this report.

#### Management threats

Partners and employees of EY are prohibited from taking decisions on behalf of management of your entity. Management threats may also arise during the provision of a non-audit service where management is required to make judgements or decisions based on that work.

#### Other threats

Other threats, such as advocacy, familiarity or intimidation, may arise.

There are no other threats at the date of this report.

#### Overall Assessment

Overall we consider that the adopted safeguards appropriately mitigate the principal threats identified, and we therefore confirm that EY is independent and the objectivity and independence of Suresh Patel, the audit engagement partner and the audit engagement team have not been compromised.

# 5.3 Other required communications

EY has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained.

Details of the key policies and processes within EY for maintaining objectivity and independence can be found in our annual Transparency Report, which the firm is required to publish by law. The most recent version of this report is for the year ended June 2016 and can be found here:

http://www.ey.com/uk/en/about-us/ey-uk-transparency-report-2016

# Appendix A Fees

A breakdown of our agreed fee is shown below.

	Planned Fee 2016/17	Scale fee 2016/17	Outturn fee 2015/16
	£	£	£
Opinion Audit and VFM Conclusion	45,397	41,500	43,897
Certification of housing benefit subsidy claim <sup>1</sup>	15,632	15,632	12,004

All fees exclude VAT.

For the 2015-16 audit we agreed with the Council, and PSAA, an increase of £2,397 to reflect for the audit work on identifying the group boundary, reviewing the consolidation of the Business Centre and auditing of the group accounts. The £2,397 is recurrent increase. For 2016/17 we are proposing a further increase of £1,500 to reflect the consolidation of LATC and the resultant increase in audit procedures.

The agreed fee presented above is based on the following assumptions:

- Officers meeting the agreed timetable of deliverables;
- ► The operating effectiveness of the internal controls for the key processes outlined in section 4.2 above:
- Our accounts opinion and value for money conclusion being unqualified;
- ▶ Appropriate quality of documentation is provided by the Council; and
- ▶ The Council has an effective control environment.

If any of the above assumptions prove to be unfounded, we will seek a variation to the agreed fee. This will be discussed with the Council in advance and reported to the Corporate Governance & Finance Committee at the appropriate time for consideration. Any variation to the scale fee also needs to be approved by Public Sector Audit Appointments Limited.

Fees for the auditor's consideration of correspondence from the public and formal objections will be charged in addition to the scale fee.

<sup>&</sup>lt;sup>1</sup> Our fee for the certification of grant claims is based on the indicative scale fee set by the PSAA.

# Appendix B UK required communications with those charged with governance

There are certain communications that we must provide to the Corporate Governance & Finance Committee. These are detailed here:

Re	quired communication	Re	eference
Pla	nning and audit approach	•	Audit Plan
Со	mmunication of the planned scope and timing of the audit including any limitations.		
Siç	nificant findings from the audit	<b>•</b>	Audit Results Report
<b>&gt;</b>	Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures		
•	Significant difficulties, if any, encountered during the audit		
<b>&gt;</b>	Significant matters, if any, arising from the audit that were discussed with management		
•	Written representations that we are seeking		
•	Expected modifications to the audit report		
<b>&gt;</b>	Other matters if any, significant to the oversight of the financial reporting process		
Mi	sstatements	•	Audit Results Report
•	Uncorrected misstatements and their effect on our audit opinion		
•	The effect of uncorrected misstatements related to prior periods		
•	A request that any uncorrected misstatement be corrected		
•	In writing, corrected misstatements that are significant		
Fra	aud	<b>&gt;</b>	Audit Results Report
•	Enquiries of the Corporate Governance & Finance Committee to determine whether they have knowledge of any actual, suspected or alleged fraud affecting the entity		
•	Any fraud that we have identified or information we have obtained that indicates that a fraud may exist		
•	A discussion of any other matters related to fraud		
Re	lated parties	•	Audit Results Report
	nificant matters arising during the audit in connection with the entity's related ties including, when applicable:		
•	Non-disclosure by management		
•	Inappropriate authorisation and approval of transactions		
•	Disagreement over disclosures		
•	Non-compliance with laws and regulations		
•	Difficulty in identifying the party that ultimately controls the entity		
Ex	ternal confirmations	•	Audit Results Report
•	Management's refusal for us to request confirmations		•
•	Inability to obtain relevant and reliable audit evidence from other procedures		
Со	nsideration of laws and regulations	•	Audit Results Report
<b>&gt;</b>	Audit findings regarding non-compliance where the non-compliance is material and believed to be intentional. This communication is subject to compliance with legislation on tipping off		
•	Enquiry of the Corporate Governance & Finance Committee into possible instances of non-compliance with laws and regulations that may have a material effect on the financial statements and that the Corporate Governance & Finance Committee may be aware of		

#### Required communication

#### Reference

#### Independence

Communication of all significant facts and matters that bear on EY's objectivity and independence

Communication of key elements of the audit engagement director's consideration of independence and objectivity such as:

- ► The principal threats
- Safeguards adopted and their effectiveness
- ▶ An overall assessment of threats and safeguards
- Information about the general policies and process within the firm to maintain objectivity and independence

#### Audit Plan

Audit Results Report

#### Going concern

Events or conditions identified that may cast significant doubt on the entity's ability to continue as a going concern, including:

- ▶ Whether the events or conditions constitute a material uncertainty
- Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements
- ▶ The adequacy of related disclosures in the financial statements

#### ► Audit Results Report

#### Significant deficiencies in internal controls identified during the audit

#### Fee Information

- ▶ Breakdown of fee information at the agreement of the initial audit plan
- ▶ Breakdown of fee information at the completion of the audit

#### ► Audit Results Report

- Audit Plan
- Audit Results Report and Annual Audit Letter if considered necessary

#### **Group audits**

- An overview of the type of work to be performed on the financial information of the components
- An overview of the nature of the group audit team's planned involvement in the work to be performed by the component auditors on the financial information of significant components
- ► Instances where the group audit team's evaluation of the work of a component auditor gave rise to a concern about the quality of that auditor's work
- ► Any limitations on the group audit, for example, where the group engagement team's access to information may have been restricted
- ► Fraud or suspected fraud involving group management, component management, employees who have significant roles in group-wide controls or others where the fraud resulted in a material misstatement of the group financial statements

#### Audit Plan

#### Certification work

▶ Summary of certification work undertaken

Annual Report to those charged with governance summarising grant certification, and Annual Audit Letter if considered necessary

# Appendix C Detailed scopes

Our objective is to form an opinion on the group's consolidated financial statements under International Standards on Auditing (UK and Ireland).

We set audit scopes for each reporting unit which together enable us to form an opinion on the group accounts. We take into account the size, risk profile, changes in the business environment and other factors when assessing the level of work to be performed at each reporting unit.

The preliminary audit scopes we have adopted to enable us to report on the group accounts are set out below. Our audit approach is risk-based, and therefore the data below on coverage of gross revenue expenditure and total assets is provided for your information only.

Group audit scope	Number of locations	% of GRE	% of Total Assets
ECBC – Limited scope	1	<1%	<1%*
LATC – Specific scope	1	n/k	n/k

East Cambridgeshire Business Centres Limited accounts are consolidated within the ECDC Group Accounts. Although the value of total assets of ECBC Ltd is <1%, and its expenditure is immaterial to the Council, the value of the building was £770k as at 31 March 2016, which is 4% of the Property, Plant and Equipment value of the Group and is therefore material.

East Cambridgeshire Trading Company (ECTC) – the expenditure of the Company for 2016-17 is estimated to be £1.5m and therefore is material to the Council, and its accounts will need to be consolidated within ECDC Group Accounts. We will also engage with the auditors of East Cambs Trading Company to gain the necessary assurances for our audit of the group financial statements.

- ► Full scope: locations deemed significant based on size and those with significant risk factors are subject to a full scope audit, covering all significant accounts and processes using materiality levels assigned by the Group audit team for the purposes of the consolidated audit. Procedures are full-scope in nature, but may not be sufficient to issue a stand-alone audit opinion on the local statutory financial statements (as materiality thresholds support to the consolidated audit).
- ▶ **Specific scope**: locations where only specific procedures are performed by the local audit team, based upon procedures, accounts or assertions identified by the Group audit team.
- ▶ Limited Scope: limited scope procedures primarily consist of enquiries of management and analytical review. On-site or desk top reviews may be performed, according to our assessment of risk.
- ▶ Other procedures: For those locations that we do not consider material to the Group financial statements in terms of size relative to the Group and risk, we perform other procedures to confirm that there is no risk of material misstatement within those locations.
