Democratic Services Service Delivery Plan 2016 – 2017

Overview of Democratic Services

The Service comprises 6 staff as follows:

Democratic Services Manager (DSM)
2 Democratic Services Officers (DSOs)
Democratic Services Support Officer (30 hours per week)
Electoral Services Officer
Electoral Services Assistant

The objectives of the Team are to deliver effective and high quality Electoral Registration, Elections, Committee Administration and Member Support Services and to promote Community engagement with and understanding of the Democratic processes of the Council.

Democratic Services covers the following functions:

Committee Administration, procedural advice and guidance

Member Support (e.g. Members allowances; outside bodies; registers of Members interests; publishing of agendas, minutes and Member information on the Council's website; Member surgeries)

Member Induction, Training and Development

Electoral Registration

Elections

The majority of the Service's activities are defined by legislation and statutory/non-statutory guidance and involve working with a wide range of partners both internally and externally (e.g. Councillors; Lead Officers, Service Leads and report authors for Committees; DCLG; Cabinet Office; Electoral Commission; County Council; neighbouring Councils; Parish Councils; ARP; LGA; ADSOs; AEA).

The cost to run the service totals £905,773 per annum, including staffing costs. This is broken down as follows:

Members' & Committee Support £580,629 Electoral Services £325,144

Key areas of expenditure in these Budgets are:

Members Allowances£208,083Member Training£7,008Electoral Registration£121,545Elections£203,599

The two biggest challenges/pressures on the Budget of the Service for 2015/16 and leading into 2016/17 were Individual Electoral Registration (IER) and the District and Parish Council Elections that took place in May 2015 in conjunction with the Parliamentary Election.

The national requirement for all Councils to implement IER from 10 June 2014 and to conduct the 2014 Canvass on this basis was the biggest change to the electoral registration system in nearly 100 years and required the complete revision of all of the administrative systems and processes relating to electoral registration previously undertaken by the Team. The 2015 Canvass which commenced in August 2015 was the first carried out fully under the new IER procedures that will be adopted from this year onwards.

Central Government provided an IER Transition Costs (Revenue) Grant of £42,857 for 2014/15 and provided a grant of £23,259 for 2015/16 to cover the additional costs of implementation of the new systems and procedures for IER. However, once the transitional period was signed-off by Central Government in December 2015, it previously had been stated that no further grant would be forthcoming for future years and this Council would have to bear the additional costs relating to the administrative processes for IER. Subsequently, the Government has announced that it expects to be able to provide funding to cover additional costs linked to IER for 2016/17 and will confirm details as soon as possible. The Council also was successful in the submission of a Justification Led Bid (JLB) for Government grant funding in the sum of £3,504 for the purchase of two tablets for use by Canvassers on the doorstep to improve the registration level for carry forward Electors.

The other major challenge in 2015/16, being a District Council Election year, was the induction and training of the new intake of Councillors, via the preparation and implementation of an extensive Members Induction, Training and Development Programme. This year it was particularly challenging, with a significant level of turnover of 18 new Councillors out of 39, and a very different political composition to the Council with only 3 opposition Councillors. However, a comprehensive Members Induction, Training and Development Programme was delivered, supplemented by a programme of regular Member Seminars, and this will continue throughout 2016/17.

The Council has contributed to a review by the Local Government Boundary Commission for England (LGBCE) of the electoral arrangements for the District which has produced draft recommendations for a reduction in the number of Councillors (Council size) to 28 from the next District Council elections in 2019. The Team also has conducted two By-Elections in early 2016, due to the resignation of a District Councillor and death of a local County Councillor.

Looking forward, The Chief Executive again has been designated as Police Authority Returning Officer (PARO) to conduct the elections for Police and Crime Commissioner taking place in May 2016 and an announcement also has been made by Central Government that the date of the referendum on membership of the European Union will take place on 23 June 2016. Longer term, the County Council Elections will take place in May 2017, possibly in conjunction with an elected Mayor under the new Devolution deal for Norfolk, Suffolk and Cambridgeshire.

On an ongoing basis, the Team will need to ensure the smooth running of the Council and Committees by providing support, guidance and advice to Members and officers and this position has been further enhanced by the appointment of the Democratic Services Manager as Deputy Monitoring Officer in October 2015 with specific responsibility for the provision of procedural information and advice and maintenance and updating of the Constitution. This has been made more challenging by the creation of a number of additional Committees, Sub-Committees and other Member Bodies during 2015/16; the establishment of the LATC and the other governance structures required in conjunction with this; and the Devolution proposals for Norfolk, Suffolk and Cambridgeshire.

How does the Service link in with the Corporate Plan?

Democratic Services contributes to the priority of ensuring that the Council is well managed and customer driven. The Service continues to ensure that the Council provides a legally compliant, consistent and efficient approach to the electoral and decision making processes and support Councillors in understanding their roles and responsibilities.

By continuing to support the democratic process, the Service also helps to make East Cambridgeshire a "fantastic place to live", enabling every eligible voter to help influence decision making in the district and encourage public participation via the various public question time and public speaking schemes at full Council and Committees.

Democratic Services

The Service has been fully compliant with their targets and in many cases over achieving in their outcomes. They have helped to increase the number of electors registering electronically via the Government portal and have been meeting their legal requirements to publish all committee meeting agendas within the required timescales.

Electors registering electronically via Government portal	25%	12,000	12,423

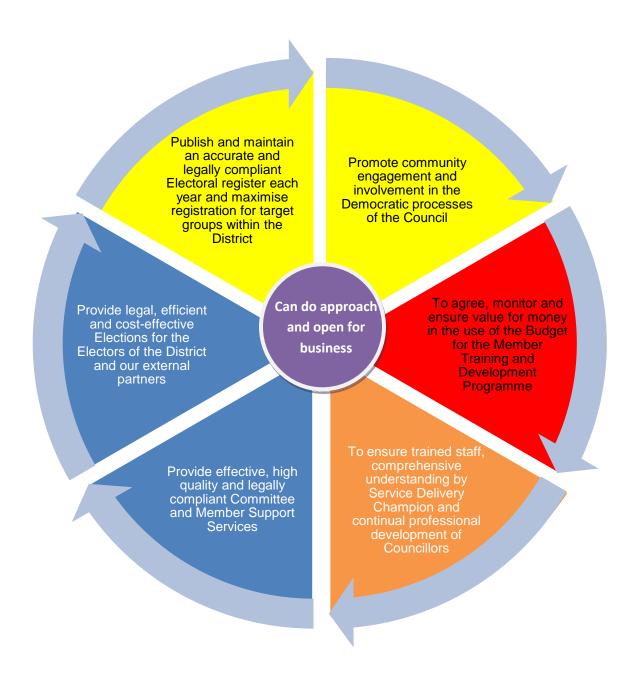

^{**}The implementation of Individual Electoral Registration (IER) in 2014 and conducting of the 2014 Canvass on that basis was the biggest electoral change in 100 years. This required a complete revision of administrative systems and processes. 2015 was the first Canvass based fully on the new processes and it was expected that the level of registration would be lower than in previous years, but the service couldn't predict by how much, so the benchmark was set at 85%.

Promote community engagement and involvement in the Democratic processes of the Council	Baseline from 2014/15	Target 2015/16	Outcome

***The Local Government (Electronic Communications) (England) Order 2015 came into effect on 30 January 2015 and modifies the Provisions in Schedule 12 of the Local Government Act 1972 to enable Members to receive summonses (Agendas) electronically where they consent to it being transmitted by this method (they may at any time withdraw their consent). Agendas still must be despatched at least 5 clear days before a meeting. Therefore, in order to be able to offer Councillors the option to access Agendas and reports in electronic form, Democratic Services have been ensuring that Agendas and reports are published on the Council's website on the day of despatch.
