## Current Consultations:-

### **Draft East Cambridgeshire Local Plan**

Consultation on a Draft East Cambridgeshire Local Plan is scheduled to take place for a 6 week period in late September/October 2012. The Draft Local Plan will provide a blueprint for the growth of the district up the year 2031. It will include Visions for every village and town, which have been drawn up in partnership with the District Council and Parish Councils. It will identify new sites for development, and set out policies to guide planning applications. The consultation will provide an opportunity for feedback on the suggested visions, sites and policies, prior to submission of the Local Plan to an independent Inspector later this year. For further details please contact the District Council's Forward Planning team on 01353 665555 or email [ldf@eastcambs.gov.uk](mailto:ldf@eastcambs.gov.uk). Information is also available on the District Council's website at [www.eastcambs.gov.uk/local-development-framework/east-cambridgeshire-local-plan](http://www.eastcambs.gov.uk/local-development-framework/east-cambridgeshire-local-plan)

*The East Cambridgeshire Community Safety Partnership is made up of the Police, East Cambridgeshire District Council, Cambridgeshire County Council, Probation Service, National Health Service and Cambridgeshire Fire and Rescue. Sanctuary Housing and the Voluntary Sector also support the Partnership.*

*The Partnership works together to tackle crime and anti-social behaviour in a joined up fashion and achieve 'added value' in protecting communities in East Cambridgeshire.*

*The Partnership would like to seek resident's views about crime and disorder issues of concern in their neighbourhoods. The Partnership is now seeking your views on issues where you live.*

*Please use the following link to complete the simple survey:*  
<http://www.snapsurveys.com/swh/survey/ojin.asp?k=133942519224>

*All results will be used to inform the Partnerships yearly Strategic Assessment of Crime and Disorder. This assessment helps to select priorities and plan actions that will have the maximum impact for our communities.*

You can help to bring **fast, reliable broadband access to Cambridgeshire & Peterborough** by registering your demand for better broadband.

Connecting Cambridgeshire, a partnership between the County and District Councils, is the project to provide access to **superfast broadband** to at least **90% of homes and businesses** across the county and better broadband connections for all other premises by 2015.

To attract investment, we need residents, businesses, parishes, and community groups to show suppliers where there is most **demand for broadband**. A countywide broadband campaign to **Get Cambridgeshire connected** has been launched with the aim to encourage residents and businesses to register their support for better broadband.

You can help to bring better connectivity to your area by **clicking on the below link** to register your demand.

It only takes a minute to register, does not commit you taking any new service and will make a big difference.

## Draft Revised Single Equality Scheme 2012-2015

We want to know your views about the Council's revised single Equality Scheme and Action Plan.

The Scheme sets out our commitment to taking equalities into account in everything we do, whether that's providing services to our local population, employing people, developing policies or communicating and involving the Community in our work. We have included a lot of information to tell you:

- Who we are and what we are committed to
- What we already do to promote equality
- What our new equality objectives are and how we plan to achieve them

We hope that you will take this opportunity to become involved in the continued development of the Scheme and welcome your feedback on any aspect.

1. Full details of the scheme and questionnaire can be found on line
