3. COSTS/GENERAL

3 (a) Level of Basic Allowance

Other:

"Don't care"

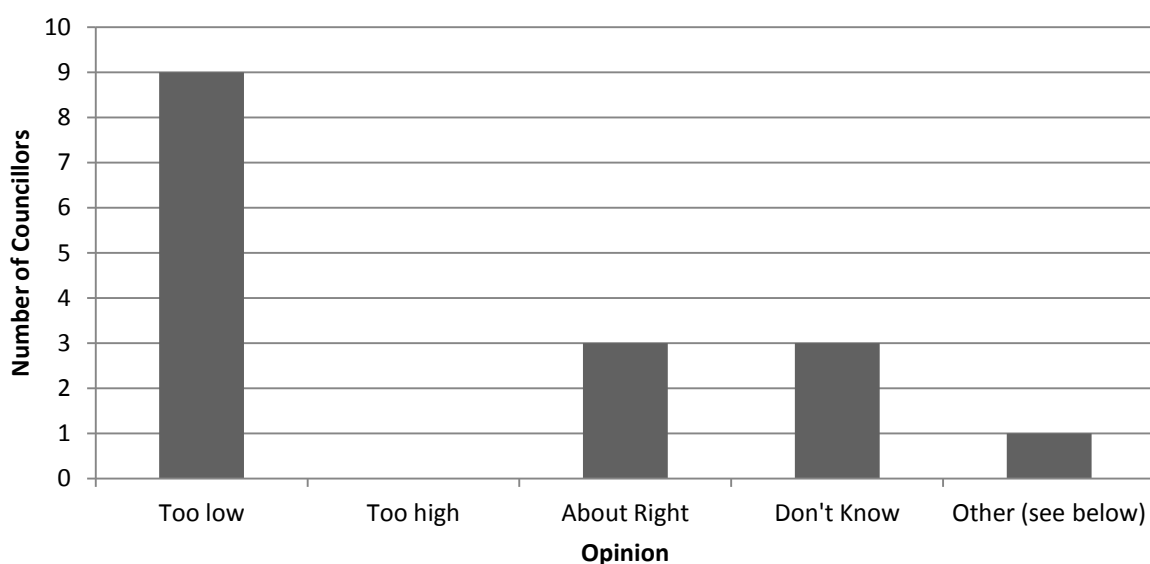

"I do not think about it particularly – it is a rate for the role"

"I think the allowance is ok, but it would not be enough to allow me to reduce my hours at work to do council work"

"Neither"

"If you view it in relation to National Minimum Wage/Living Wage then it doesn't come anywhere near to it, but being a Councillor is also about being a volunteer representative of the people. There is a balance to be struck to make it attractive enough to people wanting to become a Councillor that have to take time off work."

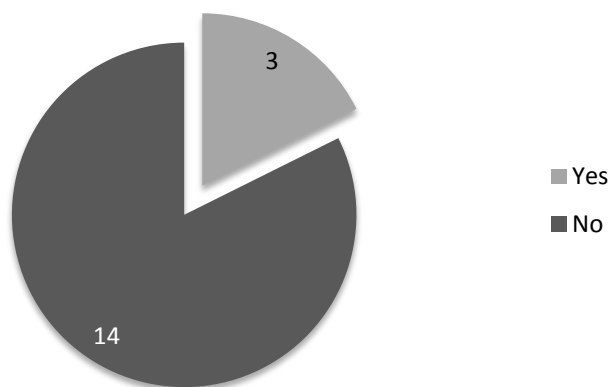

3 (b) Level of Special Responsibility Allowance

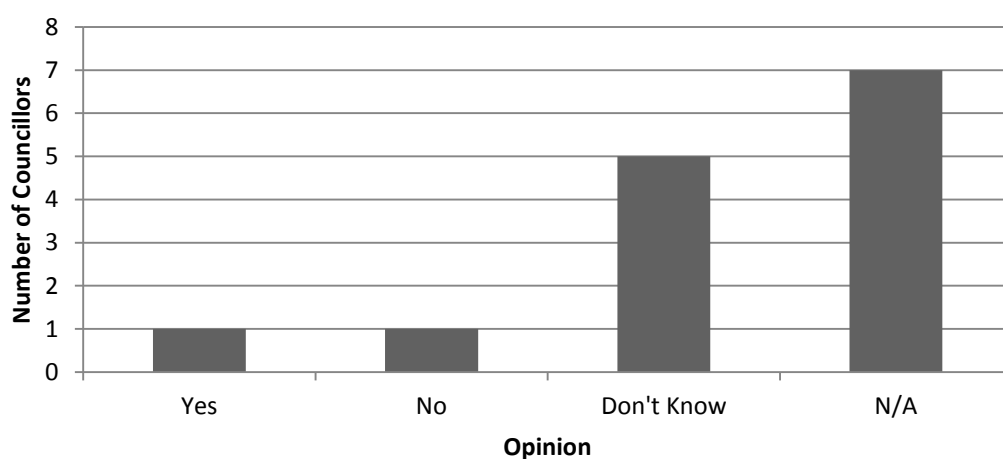

Other:

"I have not reviewed these but it would not affect my decision to take on special responsibility"

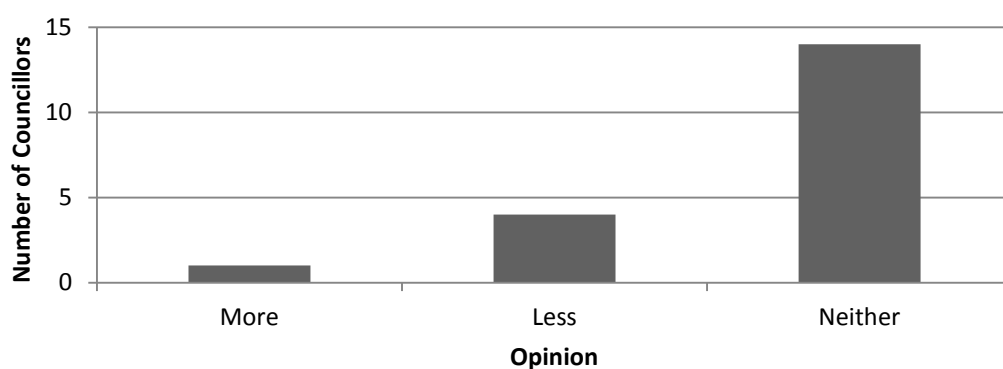

3(c) Do You Claim for All Entitled Allowances?

3(d) Do You Think The Allowance Rates for Third Parties Are in Line With Market Costs?

3(e) Does the current level and range of allowances make you more likely or less likely to stand for re-election?

3 (f) Please rate the allowances on which are the most important to you: 1 = highest to 5 = lowest
