

East Cambridgeshire District Council Community Infrastructure Levy: Regulation 123 List

Introduction

The Community Infrastructure Levy ('CIL') Regulation 123 provides for a CIL charging authority to publish a list of infrastructure likely to be funded from CIL on its website.

CIL can be used to fund the provision, improvement, replacement, operation or maintenance of infrastructure to support the development of the charging authority's area.

The CIL Regulation 123, however, restricts the use of Section 106 Planning Obligations for infrastructure that will be funded in whole or in part by the CIL. This is to ensure no duplication or 'double funding' between the two types of developer contributions towards the same project.

The Regulation 123 list can be reviewed and updated regularly. The inclusion of a project or type of infrastructure does not signify a commitment from the Council to fund the project (either in whole or in part).
