with regards to the price increase

it seem that taxi drivers are having to pay more and more each year, with less and less work coming in !!!

we feel that the increase is very high, some owner drivers will struggle with the extra costs.
the fare/ rates have not increased since November 2013, work is harder to come by due to the number of taxis licensed in Ely, as taxi drivers we would like to see the meter rate changed perhaps so that it starts to change after the first 1/10 of a mile instead of after the first mile, with a fixed start rate as we have now
