

COPY OF THE OBJECTIONS TO THE NOTICE

(1) Received by email 09 December 2015:

We strongly object to the huge price increases proposed by east cambs district council
All ely taxi drivers are struggling as a whole this would be the nail in the coffin for some the
3 months after xmas
Are very quite and its only those that have a school contract or two that manage to keep
going
We would like to suggest you put a cap on the number of taxi plates you keep issuing ely has
far
To many taxis just take a look down market street its full of them with no where to park as
the council only provide
7 taxi rank spaces how ridiculous is that theres no justification in the huge % increase you
are proposing 28% in some cases
so we as a small company strongly oppose these price increases

sue and neil
cornell taxis

(2) Received by email 09 December 2015:

ref notice of proposed changes in fees for taxi drivers and vehicles etc

fao; Senior Licencing Officer

1 year licences fee is only £77.00 which if you times it by the 3 single years it works out at
£231.00 so who is going to buy a 3 year license for £298.00 !!!!

the new plates 1 year proposal rate of £192.00 is an increase of £42.00 = 28 percent
increase more than the national average

we had a rate increase on the fare card rate on the 1st November 2013 when will this be
increase in line with your proposals

a suggested increase would be 7am - 7pm £4.00 and 7pm - 7am £4.50 for the first mile then
the extra cost of 25p per tenth of a mile thereafter

Regards Julie & Rodger Goodson
