Dear Karen and Ola

Further to me previous email, would you please confirm that you:

1. are happy with the attached operating schedule conditions offered by the applicant as part of the licensing application;
2. are happy with the additional conditions as stated below; and
3. are happy to dispense with the need to hold a licensing hearing.

For clarity and enforceability the proposed wording of the additional conditions is as follows:

- Amplified live or recorded music to cease at 03:00 hours on any day except on New Year's Eve when amplified live or recorded music shall cease at 05:00 hours.
- All windows and doors to be closed from 01:00 hours until the close of business on any night except for the purposes of ingress and egress into the venue.

I look forward to receiving your answer to each of points 1 to 3 above, if possible within the representation period which ceases at midnight on 1 February 2016.

Thank you for your assistance in this matter.
