Third party suppliers. Annette Wade – Customer Services Manager. Facilities Service Lead.		New target

Name of Service Delivery Champion: Councillor Jo Webber

Comments

Another busy 6 months for the Customer Services Team!

The team have been understaffed until very recently, which has been a real challenge. New staff take time to train as a breadth of knowledge is required to be an efficient member of the team. In spite of the lack of resources, the Customer Services Manager and the experienced members of the team have worked hard to meet targets and have proven that they have the ability to work well under pressure. In addition to the staffing issues, over the last period there have been five elections (Mayoral, County, General, Soham & Ely by-elections), the introduction of Universal Credit and a number of internal projects to deal with. Call volumes have been unpredictable, but the team have continued to carry out administrative tasks for the other services during this period.

The whole team have a 'can do' attitude and really care about our customers. They not only support each other, but all of the other services, and have both embraced and adapted to change. They are continuously looking for new ways to maximise the use of resources to make the council more efficient and also improve the customer experience.

I am very pleased to continue to be the Customer Services Champion and work with Annette and her team over the next six months, which will be extremely busy preparing for the Waste Contract to be transferred to the East Cambs Trading Company.
