The Chairman requested that the condolences and best wishes of the Committee be conveyed to the Chief Executive and his family following the death of his father.

The Chairman reported that the Mepal Outdoor Centre Working Party had met at the end of the preceding week, and had agreed to a two month delay in the tendering process to allow more time for prospective bidders to visit the site.

The Chairman reported that blocks had been installed at Angel Drove Commuter Car Park, Ely, to prevent recent instances of anti-social behaviour which had generated complaints from residents of Dovehouse Close and Potters Lane.

18. **ASSET MAINTENANCE PROGRAMME 2017/18**

The Committee considered a report, reference S138 previously circulated, that updated Members on the Asset Management Planned Maintenance Programme for 2017/18 including spend to date.

The Open Spaces & Facilities Manager advised that the Disability Discrimination Act (DDA) inspection had identified some remedial works required and the majority of these had been completed by in-house staff as part of the general maintenance programme. The remedial works arising from the asbestos surveys were substantially complete and work had commenced today on the installation of additional smoke detectors throughout The Grange.

In response to a question by the Chairman, the Open Spaces & Facilities Manager stated that the two items of the DEC Certificate and asbestos survey for the Maltings Cottage in the Asset Management Budget, were items that would have been expected to be completed on the transfer of such a property, but in future would be the responsibility of the City of Ely Council under the terms of the lease. The Chairman also reported that discussions were ongoing with Ely Museum regarding the repairs required to the building and terms of the lease, and a report would be submitted to the next meeting of the Committee.

The Open Spaces & Facilities Manager reported that the Poet's House Car Park barrier had sustained damage to the cable and control box and discussions would take place with the hotel regarding future repair responsibilities. Councillor Shuter queried if a CCTV camera could be used to monitor the barrier and the Open Spaces & Facilities Manager agreed to investigate.

It was resolved:

That the actual spend as at 31 August 2017 as set out at Appendix 1 to the submitted report be noted.

19. **ADDITIONAL PROJECTS – THE GRANGE**

The Committee considered a report, reference S140 previously circulated, detailing additional security and maintenance projects and replacement of equipment in the Council Chamber at the Grange, Ely.

The Chairman thanked Councillors Cox and Bradley for their expertise and assistance on the specification for improvements to the lighting in the Council Chamber. It was proposed that the Costs for this project be increased slightly to £4,200 compared to the figure detailed in the report of £3,923, to allow for a small enhancement to the specification. In response to a question by Councillor Shuter, the Open Spaces & Facilities Manager confirmed the project would comprise LED lighting.

On the audio visual replacement within the Council Chamber, the Open Spaces & Facilities Manager confirmed that this would not include electronic voting.

The Committee agreed to an amendment to the recommendations to allow the Director Commercial to vary the contract costs by up to 10%, in consultation with the Chairman or Vice-Chairman of the Committee.

23. **LAND DEVELOPMENT OPPORTUNITIES AND ASSET DEVELOPMENT PROGRAMME UPDATE 2017/18**

The Committee considered an Exempt report, previously circulated, that provided an update on land development opportunities and the asset development programme.

Photographs of the works at The Dock car park were displayed at the meeting and it was reported that surfacing works would commence on 19 October 2017. Works at Littleport commuter car park had commenced today and should be completed by January 2018. The Chairman reported that discussions had taken place with the Access Group regarding the provision of disabled car parking spaces in the new commuter car parks. An additional 8 disabled spaces were proposed in The Dock car park on top of the 3 spaces already available in Angel Drove car park. However, the level of usage of these spaces would be monitored to ensure best use was made of the spaces.

The Chairman highlighted a typographical error in respect of the acreage for The Shade, Soham site and requested that reference be made to the Paradise Pool site in future reports to prevent any confusion with the wider Paradise site.

Members noted the comment in the report that a feasibility study for a potential land development opportunity now was not to be continued. Members commented that, as this had been commenced due to a decision by this Committee, a report should be submitted to the Committee on the issue.
